### **Empty Nests Nested Hearts English Edition:**

**Empty Nests** Ada Maria Soto, 2020-03-28 Neither James nor Gabe has ever had a real relationship. They might make a connection if they can get past their differences and their fears. At age fourteen, James Maron decided to prove he wasn't gay despite vast evidence to the contrary. Now at thirty-two, he's getting ready to send his son to college and wondering what he's supposed to do next. Outside his son, his life consists of an IT job he hates and watching telenovelas with the women in his apartment building. Gabriel Juarez is the CFO of a technology giant. He has looks, charm, fantastic wealth, a workaholic personality, and a string of boyfriends who only stick around because he's too busy to tell them to leave. A bad laptop projector interface causes James and Gabe's paths to cross. Friends, family, and coworkers jump to match Gabe with a nice guy and James with anyone. But are they too different? Everyone will have to tread very carefully to keep things from ending before they start.

**Bowerbirds** Ada Maria Soto, 2020-04-04 Two very different men have a chance at happiness but only if they can let go of their painful pasts and allow love to take precedence. After spending his teens and twenties raising his son, James Maron is now dating Gabriel Juarez, the wealthy and sophisticated CFO of the TechPrim technology empire. But after a life of proudly holding his head above the poverty line with the ethos of work, priorities, responsibility, and thrift, he is not looking for a Sugar Daddy; he does not need to be rescued, and Gabe's wealth is as terrifying as feeling love for the first time. Gabe has never been good at balancing his high-pressure job with his relationships. Money usually clears most of the bumps, and when a boyfriend walks away, Gabe figures it's for a good reason. But James isn't like other boyfriends. He doesn't want Gabe's money for one, and if Gabe wants to keep his relationship together, he will have to finally face the ghosts of his own past and reconsider his priorities.

Stretching almost unbroken from Alabama to Belle Isle, Newfoundland, the Appalachians are one of the oldest mountain ranges in the world. In *Mountains of the Heart*, renowned author and avid naturalist Scott Weidensaul shows how geology, ecology, climate evolution, and 500 million years of history have shaped one of the continent's greatest landscapes into an ecosystem of unmatched beauty.
