Transport and Energy

Research Junyi Zhang,2019-09-17 Transport and Energy Research A Behavioral Perspective deals with the transport issues associated with energy from a behavioral perspective in an interdisciplinary and systematic way Existing transport and energy research has focused on technologies and energy efficiency however more efficient technologies do not necessarily lead to energy reduction Unfortunately very limited behavioral research can be found in the literature This book covers major transport modes in major countries It emphasizes the importance of researching the behaviors of not only transport and energy service users but also transport and energy service providers policy makers organizations company managers and other stakeholders who are involved in and or affected by transport and energy policies It not only overviews the history of relevant research and presents new developments but also extensively discusses the future research issues Various findings are summarized for reducing energy consumption from a behavioral perspective This book provides readers with behavioral insights into more effective policymaking Behavioral interventions are recommended as a key policy instrument for reducing energy consumption in a sustainable way It provides policy makers with comprehensive insights into making more effective policies over the whole process of policymaking The book can serve as a handbook for researchers and a textbook for graduate students in the fields of transport energy environment planning public policy behavioral studies and so on Examines transport and domestic issues associated with energy from a behavioral perspective in both an interdisciplinary and comprehensive way Offers an overview of current relevant research and the most recent developments Provides rich information about future research trends and innovative insights into effective policymaking More Creative Coping Skills for Children Bonnie Thomas,2016-08-18 An incredible variety of arts activities games and interactive stories will suit any individual With over 85 handouts concentrated on building self esteem overcoming anxiety anger management and more use this book to promote life skills and deliver emotional support to children in need **Be the Wisdom You Want to See in Your Kids.** Magda Tarnawska Senel, PhD,2015-07-23 Although most parents rate having children as the most meaningful experience of their lives many find themselves pushed to their emotional and physical limits Parenthood affords us the opportunity to become more compassionate patient and understanding but we also run the risk of becoming more irritable impatient and intolerant This book shows readers how they can transform everyday challenges into sources of empowerment and inspiration by demonstrating that joyful living and soulful parenting is not something that just happens by itself it is a result of choices we make every day It also presents several proven models for effectively achieving higher levels of fulfillment and a variety of creative activities for both parents and children By guiding readers to find their own answers to such questions as What is the difference between a person who is unable to live a happy life and one who succeeds in living with a rich feeling of fulfillment How do we arrive at adulthood behaving the way we do this book helps parents discover their most authentic and inspired selves and focus on raising joyful happy and successful children who develop to their fullest potential Understanding Your Child's Temperament William B. Carey,2004-12 UNDERSTANDING YOUR CHILD S

TEMPERAMENT From their earliest days some children are shy and others are bold A brother may be flexible while his sister is rigid One child is highly active another far less so One may stick with a challenge for hours while another gives up easily All children display distinct profiles of nine largely inborn temperament traits that determine how they experience their environments and respond to them These interactions have a major impact on children s physical health development social behavior and school performance and on the caregivers themselves If adults learn to recognize and tolerate temperament traits they will be able to manage them more harmoniously and care for each child s individual needs What an important book for parents to consider Treating each child as an individual shows them the respect that will engender self esteem in them later This book about differences in temperament by Dr William Carey an esteemed pediatrician will give parents the backup they need to treat each child individually T Berry Brazelton M D Emeritus Professor of Pediatrics Harvard Medical School Author of numerous books on child development and care America s favorite pediatrician This classic work is now more useful than ever The too often neglected role of temperamental patterns is explained brilliantly so that all adults who live or work with kids can understand and manage these all important differences between them Mel Levine M D Professor of Pediatrics University of North Carolina Medical School Author of national bestseller A Mind at a Time and 10 other books about children s learning issues
