Horst,Carmel Houston-Price,2016-01-21

Looking at and listening to picture and story books is a ubiquitous activity frequently enjoyed by many young children and their parents. Well before children can read for themselves they are able to learn from books. Looking at and listening to books increases children's general knowledge, understanding about the world and promotes language acquisition. This collection of papers demonstrates the breadth of information pre-reading children learn from books and increases our understanding of the social and cognitive mechanisms that support this learning. Our hope is that this Research Topic eBook will be useful for researchers as well as educational practitioners and parents who are interested in optimizing children's learning.

Reading Lena Dunham's *Girls* Meredith Nash, Imelda Whelehan, 2017-06-23 In this book leading and emerging scholars consider the mixed critical responses to Lena Dunham's TV series *Girls* and reflect on its significance to contemporary debates about postfeminist popular cultures in a post-recession context. The series features both familiar and innovative depictions of young women and men in contemporary America that invite comparisons with *Sex and the City*. It aims for a refreshed authentic expression of postfeminist femininity that eschews the glamour and aspirational fantasies spawned by its predecessor. This volume reviews the contemporary scholarship on *Girls* from its representation of post-millennial gender politics to depictions of the messiness and imperfections of sex embodiment and social interactions. Topics covered include Dunham's privileged role as author-auteur-actor, sexuality, body consciousness, millennial gender identities, the politics of representation, neoliberalism and post-recession society. This book provides diverse and provocative critical responses to the show and to wider social and media contexts and contributes to a new generation of feminist scholarship with a powerful concluding reflection from Rosalind Gill. It will appeal to those interested in feminist theory, identity politics, popular culture and media.

Overture, 1891 *Migrations* Gloria Gervitz, 2021-11-02 An epic single poem tribute to the spirit of women, this is the first complete and final translation of the great Mexican poet's magnum opus. Forty-four years in the making, *Migrations* is considered by critics to be a masterpiece of modern Mexican literature. Gloria Gervitz's book winner of the 2019 Pablo Neruda Ibero-American Poetry Prize is an epic journey in free verse through the individual and collective memories of Jewish women emigrants from Eastern Europe, a conversation that ranges across two thousand years of poetry, a bridge that spans the oracles of ancient Greece and the markets of modern Mexico, a prayer that blends the Jewish and Catholic liturgies, a Mexican woman's reclamation through poetry of her own voice and erotic power. In its reach, audacity and astonishing vitality, Gervitz's extraordinary life's work bears comparison to the achievements of HD, Lorine Niedecker, Ezra Pound and Walt Whitman. This English-only edition does not include the poems in their original language.

The New York Times Index, 1915 **1999: A Space Odyssey** John K. Balor, 2018-08-03 Part of the premise of the online discussion transcribed in this book is how Gerry Anderson's television series *Space: 1999* can be understood in relation to Stanley Kubrick's 2001 *A Space Odyssey* by looking at both narratives through the perspective of systems theory. As a result of doing so, an engaged debate concerned with the political and philosophical subtext of both stories developed. This book gives a full

account of the debate with summaries of ideas and insights The book has been developed on an idealistic basis It is sold at the lowest price the publisher was willing to accept A free e book version can be downloaded at www.lulu.com Wasted Lands Dave Dorman, 2014-09-23 Fan favorite Star Wars artist Dave Dorman takes you on a high speed adrenaline charged adventure to his world of post industrial chaos an unforgettable place and time where passion greed corruption and love color the everyday struggle to exist where ordinary men eccentric heroes and their horrific adversaries battle for power and for the hearts and minds of mankind Written and illustrated by Eisner Award winning artist Dave Dorman Star Wars GIJoe this volume collects numerous conceptual works and short stories that define the shared universe of Wasted Lands **The Appreciation of Music** Thomas Whitney Surette, Daniel Gregory Mason, 1908 *The Complete Works, Including the Suppressed Poems, and Supplementary Pieces, Selected from His Papers After His Death* Lord Byron, 1830 The Complete Works Of Lord Byron George Gordon Byron Baron Byron, 1839
