Regents' Proceedings University of Michigan. Board of Regents, 1996 Caring for Equality David McBride, 2018-08-24 African Americans today continue to suffer disproportionately from heart disease diabetes and other health problems In *Caring for Equality* David McBride chronicles the struggle by African Americans and their white allies to improve poor black health conditions as well as inadequate medical care caused by slavery racism and discrimination since the arrival of African slaves in America Black American health progress resulted from the steady influence of what David McBride calls the health equality ideal the principle that health of black Americans could and should be equal to that of

whites and other Americans Including a timeline selected primary sources and an extensive bibliographic essay McBride's book provides a superb starting point for students and readers who want to explore in greater depth this important and understudied topic in African American history *Race, Class, and Affirmative Action* Sigal Alon, 2015-11-17 No issue in American higher education is more contentious than that of race based affirmative action In light of the ongoing debate around the topic and recent Supreme Court rulings affirmative action policy may be facing further changes As an alternative to race based affirmative action some analysts suggest affirmative action policies based on class In *Race Class and Affirmative Action* sociologist Sigal Alon studies the race based affirmative action policies in the United States and the class based affirmative action policies in Israel Alon evaluates how these different policies foster campus diversity and socioeconomic mobility by comparing the Israeli policy with a simulated model of race based affirmative action and the U S policy with a simulated model of class based affirmative action Alon finds that affirmative action at elite institutions in both countries is a key vehicle of mobility for disenfranchised students whether they are racial and ethnic minorities or socioeconomically disadvantaged Affirmative action improves their academic success and graduation rates and leads to better labor market outcomes The beneficiaries of affirmative action in both countries thrive at elite colleges and in selective fields of study As Alon demonstrates they would not be better off attending less selective colleges instead Alon finds that Israel's class based affirmative action programs have provided much needed entry slots at the elite universities to students from the geographic periphery from high poverty high schools and from poor families However this approach has not generated as much ethnic diversity as a race based policy would By contrast affirmative action policies in the United States have fostered racial and ethnic diversity at a level that cannot be matched with class based policies Yet class based policies would do a better job at boosting the socioeconomic diversity at these bastions of privilege The findings from both countries suggest that neither race based nor class based models by themselves can generate broad diversity According to Alon the best route for promoting both racial and socioeconomic diversity is to embed the consideration of race within class based affirmative action Such a hybrid model would maximize the mobility benefits for both socioeconomically disadvantaged and minority students *Race Class and Affirmative Action* moves past political talking points to offer an innovative evidence based perspective on the merits and feasibility of different designs of affirmative action *Voyage Charters* Julian Cooke, Tim Young, Michael Ashcroft, Andrew Taylor, John Kimball, David Martowski, LeRoy Lambert, Michael Sturley, 2014-09-19 Widely regarded as the leading authority on voyage charters this book is the most comprehensive and intellectually rigorous analysis of the area is regularly cited in court and by arbitrators and is the go to guide for drafting and disputing charterparty contracts *Voyage Charters* provides the reader with a clause by clause analysis of the two major charterparty forms the Gencon standard charterparty contract and the Asbatankvoy form It also delivers thorough treatment of COGSA and the Hague and Hague Visby Rules a comparative analysis of English and United States law and a detailed section on arbitration
