Kealey, 2017-03-17 Award winning author Gregory S Kealey s study of Canada s security and intelligence community before the end of World War II depicts a nation caught up in the Red Scare in the aftermath of the Bolshevik Revolution and tangled up with the imperial interests of first the United Kingdom and then the United States Spying on Canadians brings together over twenty five years of research and writing about political policing in Canada Through its use of the Dominion Police and later the RCMP Canada repressed the labour movement and the political left in defense of capital The collection focuses on three themes the nineteenth century roots of political policing in Canada the development of a national security system in the twentieth century and the ongoing challenges associated with research in this area owing to state secrecy and the inadequacies of access to information legislation This timely collection alerts all Canadians to the need for the vigilant defence of civil liberties and human rights in the face of the ever increasing intrusion of the state into our private lives in the name of countersubversion and counterterrorism      Canadian Parliamentary Proceedings and Sessional Papers, 1841-1970 Canada. **Reports of the Supreme Court of Canada** Canada. Supreme Court, 1880      **Unfit for heroes** Kent Fedorowich, 2017-03-01 Research on soldier settlement has to be set within the wider history of emigration and immigration This book examines two parallel but complementary themes the settlement of British soldiers in the overseas or white dominions Australia Canada New Zealand and South Africa between 1915 and 1930 One must place soldier settlement within the larger context of imperial migration prior to 1914 in order to elicit the changes in attitude and policy which occurred after the armistice The book discusses the changes to Anglo dominion relations that were consequent upon the incorporation of British ex service personnel into several overseas soldier settlement programmes and unravels the responses of the dominion governments to such programmes For instance Canadians and Australians complained about the number of ex imperials who arrived physically unfit and unable to undertake employment of any kind The First World War made the British government to commit itself to a free passage scheme for its ex service personnel between 1914 and 1922 The efforts of men such as L S Amery who attempted to establish a landed imperial yeomanry overseas is described Anglicisation was revived in

South Africa after the second Anglo Boer War and politicisation of the country's soldier settlement was an integral part of the larger debate on British immigration to South Africa The Australian experience of resettling ex servicemen on the land after World War I came at a great social and financial cost and New Zealand's disappointing results demonstrated the nation's vulnerability to outside economic factors      **About Canada: Disability Rights, 2nd ed.** Deborah

Stienstra,2020-08-26T00:00:00Z Including people with disabilities fully into Canadian society with the rights enjoyed by non disabled people requires a fundamental social transformation not simply fixing some bodies It requires deep changes in the attitudes cultural images and policies that make people with disabilities invisible set them aside undermine or reject their contributions and value and justifies their neglect abuse and death This shift involves the simple recognition and honouring of the dignity autonomy and rights of all people including those who experience disabilities In the second edition of About Canada Disability Rights Deborah Stienstra explores the historical and current experiences of people with disabilities in Canada as well as the policy and advocacy responses to these experiences Stienstra demonstrates that disability rights enable people with disabilities to make decisions about their lives and future claim rights on their own behalf and participate actively in all areas of Canadian society Disability rights can and does increase access to and inclusion in critical areas like education employment transportation telecommunications and health care Additionally Stienstra identifies new approaches and practices such as universal design disability supports and income supports that can transform Canadian society to be more inclusive and accommodating for everyone This project is funded in part by the Government of Canada      *Early*

Committee on Finance,1911      **Managing a Canadian Healthcare Strategy** A. Scott Carson,2017-03-16 Canada's fragmented healthcare system is one of the most expensive among the OECD countries yet the quality of its performance is mediocre at best Canada lacks a system wide healthcare strategy that brings together many individual federal provincial and territorial strategies into a comprehensive and coherent whole Managing a Canadian Healthcare Strategy is a collection of ten policy research essays by leading Canadian and international scholars who address three important questions First if

Canada had a unifying strategy how would the country measure its success and monitor its performance Second who are the agents of change to bring about a Canadian system wide strategy Third how can the jurisdictional realities of Canada s political system be managed to bring about strategic reform The final section in the volume explores ways to overcome the barriers and impediments that preoccupy Canadians concerns about healthcare A companion volume to Toward a Healthcare Strategy for Canadians the contributors to Managing a Canadian Healthcare Strategy turn to the critical importance of how necessary healthcare changes can be best implemented
