Nimis, 2023-05-04 In the Greek world under the Roman Empire the tradition of rhetorical learning reached its heyday in the second century A D with the cultural movement named as Second Sophistic Despite the emphasis on rhetoric literary culture *latro sensu* was also part of it granting a special place to poetics and literary criticism In the wake of this hermeneutical and interdisciplinary approach the papers assembled in this volume explore significant issues which are linked to the narrative structure of the ancient novel and to the tradition of rhetorical training both envisaged as a web of well constructed narrative devices      New Outlook , 1921      **The Subtlety of Emotions** Aaron Ben-Ze'Ev, 2001-08-24 An informal yet rigorous exploration of human emotions in all their complexity and subtlety Why do we cry at the movies What is the best way to manage destructive feelings such as jealousy Although emotions pervade our lives their nature causes and effects have only recently been studied by social scientists and philosophers Despite growing scientific interest in the subject empirical findings have not yet caught up with our intuitive knowledge In this book Aaron Ben Ze ev carries out what he calls a careful search for general patterns in the primeval jungle of emotions In an engaging informal style he draws on a variety of theoretical approaches and popular sources to produce a coherent account of emotions in all their subtlety All of the ideas are illustrated with examples drawn from everyday life The book is organized into two parts The first presents an overall conceptual framework for understanding emotions It looks at the typical characteristics and components of emotions distinguishes emotions from other affective phenomena classifies the emotions and covers such related issues as emotional intelligence regulating emotions and emotions and morality The second part discusses individual emotions including envy jealousy pleasure in others misfortune pity compassion anger hate disgust love sexual desire happiness sadness pride regret and shame The text is laced with insightful and often amusing quotations from sources ranging from Mae West to Montesquieu      *The Novel: An Alternative History, 1600-1800* Steven Moore, 2013-08-29 Winner of the Christian Gauss Award for excellence in literary scholarship from the Phi Beta Kappa Society Having excavated the world's earliest novels in his previous book literary historian Steven Moore explores in this

**Colonialism and the Modernist Moment in the Early Novels of Jean Rhys** Carol Dell'Amico, 2013-10-31 Colonialism and the Modernist Moment in the Early Novels of Jean Rhys explores the postcolonial significance of Rhys's modernist period work which depicts an urban scene more varied than that found in other canonical representations of the period Arguing against the view that Rhys comes into her own as a colonial thinker only in the post WWII period of her career this study examines the austere insights gained by Rhys's active cultivation of her fringe status vis vis British social life and artistic circles where her sharp study of the aporias of marginal lives and the violence of imperial ideology is distilled into an artistic statement positing the outcome of the imperial venture as a state of homelessness across the board for colonized and metropolitans alike Bringing to view heretofore overlooked migr populations or their children alongside locals Rhys's urbanites struggle to construct secure lives not simply as a consequence of commodification alienation or voluntary expatriation but also as a consequence of marginalization and migration This view of Rhys's early work asserts its vital importance to postcolonial studies an importance that has been overlooked owing to an over hasty critical consensus that only one of her early novels contains significant colonial content Yet as this study demonstrates proper consideration of colonial elements long considered only incidental illuminates a colonial continuum in Rhys's work from her earliest publications

The Novel's Seductions Karyna Szmurlo, 1999 The distinctive place of Stael's novel in literature and its disseminative powers are documented in Part III Genie at Large From Corilla Olimpica to Marguerite Yourcenar the critics depict affiliations among female writers striving for public recognition and explore the ideological textual borrowings among Corinne and other classic works
