**Street Food around the World** Bruce Kraig, Colleen Taylor Sen, 2013-09-09 In this encyclopedia, two experienced world travelers and numerous contributors provide a fascinating worldwide survey of street foods and recipes to document the importance of casual cuisine to every culture, covering everything from dumplings to hot dogs and kebabs to tacos. Street foods run deep throughout human history and show the movements of peoples and their foods across the globe. For example, mandoo, manti, momo and baozi, all of these types of dumplings originated in Central Asia and spread across the Old World beginning in the 12th century. This encyclopedia surveys common street foods in about 100 countries and regions of the world, clearly depicting how fast foods of the common people fit into a country or a region's environments, cultural history and economy. The entries provide engaging information about specific foods as well as coverage of vendor and food stall culture and issues. An appendix of recipes allows for hands-on learning and provides opportunities for readers to taste international street foods at home.

From Streets To Stalls: The History And Evolution Of Hawking And Hawker Centres In Singapore Ryan Kueh, 2024-08-06 Singapore is renowned for the delightful cuisines that can be found in its hawker centres. Travellers herald from across the globe simply to taste dishes like chicken rice, laksa and chilli crab. In 2020, Hawker Culture in Singapore was selected to be on the UNESCO Representative List of the Intangible Cultural Heritage of Humanity, a firm acknowledgement towards the impact and influence of hawking in Singapore's history. Less widely known is this, though now synonymous with Singaporean culture, the fate of hawking once hung in the balance. *From Streets to Stalls* traces the long, durable history of hawking in Singapore and how it has evolved. This book highlights the challenges hawkers had to overcome before achieving their celebrated status in Singapore and around the world. It also delves into the policies implemented to enact hawker reform and regulation and explores how hawker centres have been transformed into essential third spaces that promote social mingling and support Singapore's founding principles of multiculturalism. Taking readers through time, *From Streets to Stalls* investigates the origins of hawking in ninth century Singapore and ends with a commentary on the present day sociocultural importance that it retains.
