The Compact Edition of the Oxford English Dictionary Sir James Augustus Henry Murray,1971 Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933 *Annotated Hunting of the Snark* Martin Gardner,2006-09-26 Published on April Fool s Day 1876 Lewis Carroll s The Hunting of the Snark remains one of the most amusing and bizarre works of modern verse Carroll who completed this classic poem eleven years after the publication of Alice s Adventures in Wonderland invites readers along on a fictitious hunt to determine who or what the Snark actually is Now over 130 years later Martin Gardner the extraordinary philosophical scrivener returns to the Snark with a trove of new annotations and illustrations offering readers fresh insights into Carroll s existential play of fancy and philosophy Henry Holiday s original drawings enhance the work as does a new introduction by Adam Gopnik that communicates the relevance this strange and in many ways ominous poem holds for a new generation of readers **BOOK JACKET Teaching Gender** Beatriz Revelles-Benavente,Ana Ramos,2017-03-16 Teaching Gender Feminist Pedagogy and Responsibility in Times of Political Crisis addresses the neoliberalization of the university what this means in real terms and strategic pedagogical responses to teaching within this context across disciplines and region Inspired by bell hooks transgressive school and Donna Haraway s responsibility this collection promotes a politics of care within the classroom through new forms of organizational practices It engages with the challenges and possibilities of teaching students about women and gender by examining the multiple pedagogical theoretical and political dimensions of feminist learning The book revisits how we can reconfigure a feminist politics of responsibility that is able to respond to or engage with contemporary crises It also conceptualizes crisis and explains how it is transforming contemporary societies and affecting individual vulnerabilities and institutional structures Finally it offers practical cases from different European locations in which crisis and responsibility have served to reformulate contemporary feminist pedagogies altering curriculums reframing institutions and affecting the process of teaching and learning *Prometheus Bound* Aeschylus,2014-05-08 First published in 1939 this book presents R C Trevelyan s English metrical translation of Aeschylus Prometheus Bound The aim of the text was to reproduce the form phrasing and movement of the original for the benefit of readers without knowledge of Greek This book will be of value to anyone with an interest in English translations of ancient Greek drama and the works of Aeschylus **Education Outlook** ,1892 *The Knights of Modernism* Branko Vraneš,2021-06-07 According to the customary literary historical and theoretical notion the fact that the first modern novel represents a parody or travesty of the chivalric ideal merits no particular attention Failing to

become attuned to the real role of the chivalric ideal at the beginning of the era of the modern novel commentators missed the chance to adequately review the role of chivalry at the end of that period The modern novel did not only begin but also ended with a travesty of the chivalric ideal The deep need of a significant number of modernist writers to measure their own time according to the ideals of the high and late Middle Ages cannot therefore be explained by a set of literary historical spiritual historical or social circumstances The predilection of a range of twentieth century novelists for a distant feudal past suggests that there exists a fundamental poetic connection between the modern or at least the modernist novel and the ideals of chivalry

The Laity as Participants in the Mission of the Church Humphrey C. Anameje, 2017-06-05 The church is made up of both the clergy and the laity And for it to properly fulfill the mission for which it was instituted by Christ all its members each according to his or her God given gift must contribute both to the upbuilding of the church and to its mission On the part of the laity their active participation in the general mission of the church ad intra and ad extra has been a great challenge in the life and practice of the church throughout its history The Second Vatican Council in its spirit of aggiornamento makes some positive difference This work critically examines the conciliar documents some relevant postconciliar documents and theological reflection of some theologians And finally it proffers solutions that will enhance the active participation of the laity in the mission of the church in general and the church in Southeast Nigeria in particular

Just and Unjust Wars in Shakespeare Franziska Quabeck, 2013-03-22 The concept of the just war poses one of the most important ethical questions to date Can war ever be justified and if so how When is a cause of war proportional to its costs and who must be held responsible The monograph *Just and Unjust Wars in Shakespeare* demonstrates that the necessary moral evaluation of these questions is not restricted to the philosophical moral and political discourse This analysis of Shakespeare's plays which focuses on the histories tragedies and Roman plays in chronological order brings to light that the drama includes an elaborate and complex debate of the ethical issues of warfare The plays that feature in this analysis range from Henry VI to Coriolanus and they are analysed according to the three Aquinian principles of legitimate authority just cause and right intention Also extending the principles of analysis to more modern notions of responsibility proportionality and the jus in bello presupposition this monograph shows that just war theory constitutes a dominant theoretical approach to war in the Shakespearean canon

The Educational Times, and Journal of the College of Preceptors, 1893 **Nordic Literature**

Steven P. Sondrup, Mark B. Sandberg, Thomas A. DuBois, Dan Ringgaard, 2017-12-15 Nordic Literature A comparative history is a multi volume comparative analysis of the literature of the Nordic region Bringing together the literature of Finland continental Scandinavia Sweden Norway Denmark and S pmi and the insular region Iceland Greenland and the Faroe Islands each volume of this three volume project adopts a new frame through which one can recognize and analyze significant clusters of literary practice This first volume Spatial nodes devotes its attention to the changing literary figurations of space by Nordic writers from medieval to contemporary times Organized around the depiction of various scapes and spatial practices at home and abroad this approach to Nordic literature stretches existing notions of temporally linear nationally centered literary history and allows questions of internal regional similarities and differences to emerge more strongly The productive historical contingency of the North as a literary space becomes clear in this close analysis of its literary texts and practices **Educational Times** ,1896
