Ford Homologation Papers:

Ford Falcon - Commemorative Edition Luke West, 2022-05-09 Ford Falcon Commemorative Edition celebrates the much loved car's six decade rule of Aussie roads and racetracks. With the chequered flag flying on the Blue Oval favourite, this book examines the first Falcons to take flight in the early 1960s through to the final FG X. Special emphasis is placed on the glorious decade 1969-78 and the magnificent high performance machines from the Falcon XW GT HO to the XA XB and the Cobra. These are cars that still command instant respect and ooze all the excitement, emotion, colour, freedom and raw power of their time. Ford Falcon captures the stories from the men who designed, developed, built and raced these bred for Bathurst beasts. It features stunning photography of Falcon's triumphs, milestones and majesty. After some 56 years and 3.8 million cars, what better way to say goodbye to Aussie motoring royalty. *Ford Escort RS1800* Des Hammill, Graham Robson, 2008 The Ford Escort MkII was a worthy successor to the original MkI. It became Ford's most successful rally car and the cars are still winning historic events today. It brought new standards to the sport, inspiring many others to copy it. Contains full details of every works Escort MkII that went rallying, plus driver and personality profiles and detailed car evolution. **Kar-Kraft** Charlie Henry, 2017-06-15 The story of Kar Kraft began as did many others in the automotive industry with an axe to grind. In 1963 Ford was seriously interested in purchasing Ferrari. Ferrari was a legendary brand with considerable success in racing and Ford saw the acquisition as a great way to be instantly successful in the racing arena. When Enzo Ferrari realized that Ford would not give him complete control of the racing program, he backed out of the deal. Late in the process, Ford had spent millions in vetting and audits, which then set in motion a vengeful response against Ferrari. The result was the unthinkable: Ford beat Ferrari at Le Mans. Ford wanted to become competitive quickly, but it did not have the race history or resources in-house. To remedy the situation, Ford searched the U.K. for an independent company to help accelerate its race car development. It first settled on Lola Cars and set up Ford Advanced Vehicles. Later, Ford brought its Le Mans effort to the U.S. and the Kar Kraft relationship was established. Although Kar Kraft was technically an independent company, it really only had one customer: Ford Special Vehicles. Kar Kraft's story doesn't begin and end with the GT 40 that took the win away from Ferrari at Le Mans. Ford expanded upon the program and organized an all-out assault on racing in general. Cars were prepared for Trans-Am, NASCAR, NHRA and Can-Am competition. Street versions of the Boss 429 were assembled under its roof. And famed prototypes including the L1D Mustang, Boss 302, Maverick and Mach 2C were all assembled in Ford's contracted race shop. And then, out of the blue, its doors closed for good on a cold day in 1970. History tells us that Ford won Le Mans, the Daytona 500 and the Trans-Am championship. But it doesn't tell us how this was accomplished. Author Charlie Henry, a former Kar Kraft employee, has enlisted the help of many of his former co-workers to bring you the very first book ever published on Ford's all-encompassing special projects facility, Kar Kraft. p1 margin 0 0px 0 0px 0 0px font 12 0px Arial **The Cars of Trans-Am Racing: 1966-1972** David Tom, 2020-04-23 The legendary

history of the pony car wars comes to life in this softcover edition of *The Cars of Trans Am Racing*. The SCCA Trans Am Racing Series launched in 1966 and was designed to showcase a new class of sporty domestic cars racing on road courses. Each major automotive manufacturer participated heavily in the Trans Am Series and in a few short years it became the ultimate American automobile showdown. When the modified muscle cars of the series were seen performing well on the country's finest tracks, fans wanted a model of their own in the driveway. These pony cars boasted a new look and style not seen before and their all-around performance eclipsed anything accomplished by production-based American GT cars up to that point. This softcover edition of *The Cars of Trans Am Racing* is unique in that it focuses on the cars used in this legendary series. These vintage Mustangs, Camaros, Challengers, Barracudas, Firebirds, Cougars, and Javelins all are extremely popular with collectors and enthusiasts today. Seeing them in their full competition versions when they were new will bring back many fond memories for those who were fans of this series. In addition, enthusiasts who enjoy these cars today look to the Trans Am Series cars for styling inspiration and performance hints as part of the growing Pro Touring trend. Many of these historic cars have been restored to race-ready condition. Additional insight and interviews from the original builders and the teams that maintained the cars provide an insider's viewpoint never before seen in print. **Pioneers & Icons of**

Australian Motorsport Bill Pearson, 2025-02-21 The author has captured in words and lavish illustrations many of his own that have never been seen before: the stories of over one hundred men and women whose personal motor racing journeys paved the way to establish and explode this sport. They did so both locally and overseas, showing that Aussies were as good as the world's best when it came to not only skill behind the wheel but also in the design and manufacture of the fastest cars and in organising events of the highest level and regard. Most of these names are extremely well known by all Aussie petrol heads: household names admired around any backyard barbecue. Just the mention of their names brings nods of respect. But you will additionally read accounts of some very significant lives and racing achievements you previously knew nothing about and some are quite simply amazing. There's our first woman to race commercially overseas. Just how she got there is incredible. Then you share the exploits of an illegal inter-capital record holder who went to New Zealand to break the land speed record, the farmers whose sons and grandsons became racing dynasties, and the home-grown mechanics and car builders whose designs obliterated all competition. Strap yourself in and hang on. It's gonna be a bloody wild ride. **Shelby**

American Up Close and Behind the Scenes Dave Friedman, 2017-09-12 Shelby American Up Close and Behind the Scenes takes readers inside the shop that produced the 289 Cobra, Daytona Coupe, 427 Cobra, Mustang GT350 and more from 1962 to 1965. *Mustang Race Cars* John Albert Craft, 2002 The unmistakable influence of the Mustang on the racing world is seen here in endurance and drag Trans Am and GT racing. This major volume draws on the history of factory and privately sponsored efforts to lavishly chronicle the history of factory-produced models that have been put to the test as racing machines. Vivid historical and contemporary images reveal Mustang's 35 years of competitive racing history. **Automobile**
