Claudia Mitchell, Katarina Giritli-Nygren, Relebohile Molestane, 2023-12-18 Positionality and researcher reflexivity how to
account for one's subject position remain as challenges for new researchers But they also remain as challenges for
experienced researchers who are often involved in multiple research projects simultaneously Where Am I in the Picture
sheds light on the idea of researcher positionality through visual methodologies particularly in the context of studying
rurality in Canada Sweden and South Africa The book is intended for new and experienced researchers seeking to decolonize
their own perspectives in research in the social sciences and humanities It incorporates photographs drawings and memory
work to highlight the social constructedness of what counts as rural Drawing together compelling narratives from
researchers about their positionality in studying rurality the book highlights a need for greater attention to where we are in
the picture more broadly It suggests that when it comes to the rural researchers need to rethink the interplay of dominant
images insider and outsider perspectives and what this interplay means in relation to interpretation Where Am I in the
Picture presents a new vision of how to take into consideration positionality in research Accessing Post-School Studies
