Black, 2022-02-11 Both books from the ManLove Series Zone Defense and Defense Reaction A College Gay Erotic Romance and an Office Gay Erotic Romance Two titillating and arousing romances with happily ever after endings Zone Defense Nathan Kent isn't thrilled with the idea of completing his final year of college at a completely different institution from where he started but the opportunity to join one of the top varsity football teams is too much of a temptation to pass up Until he meets his new roommate Aaron Campbell and realizes he's in trouble in a gorgeous rock hard ab kind of way Defense Reaction Gary Bartell is finally in charge of his own accounting department It isn't glamorous but it's all he's ever wanted Unless you include his roommate Daniel Cooper After years of living together Gary is convinced Daniel will never have any romantic interest in him Is it time to move on Or does their life together mean more to Daniel than he's willing to admit **Out of Site** Rebecca Scofield, 2019-10-14 Rodeo is a dangerous and painful performance in which only the strongest and most skilled riders succeed In the popular imagination the western rodeo hero is often a stoic white man who embodies the toughness and independence of America's frontier past However marginalized people have starred in rodeos since the very beginning Cast out of popular western mythology and pushed to the fringes in everyday life these cowboys and cowgirls found belonging and meaning at the rodeo staking a claim to national inclusion Outriders explores the histories of rodeoers at the margins of society from female bronc riders in the 1910s and 1920s and convict cowboys in Texas in the mid twentieth century to all black rodeos in the 1960s and 1970s and gay rodeoers in the late twentieth century These rodeo riders not only widened the definition of the real American cowboy but also at times reinforced the persistent and exclusionary myth of an idealized western identity In this nuanced study Rebecca Scofield shares how these outsider communities courted authenticity as they put their lives on the line to connect with an imagined American West *The Death of Right and Wrong* Tammy Bruce, 2004-06-22 If you believe children should be seduced into warped sexual behavior by the Gay Elite if you think confessed murderers should be set free by defense attorneys who know how to wield the race card if you feel promiscuous gay men should be empowered to spread AIDS and other sexually transmitted diseases don't read this book But if you've always suspected that factions on the Left are trying to destroy the values that define our civilization this book proves it Through the pages of *The Death of Right and Wrong* author activist and pundit Tammy Bruce takes you inside the chilling world of the Left a place where morals and decency have been turned on their heads and the crisp distinction between Right and Wrong has been blurred into a mushy gray mess In this world the Gay Elite exploit our

children under the guise of tolerance and education to satisfy their sexual obsessions In this world the Black Elite laud convicted murderers as community heroes and award winning artists In this world the Feminist Elite fawn over a woman who mercilessly killed all five of her children And much more that will offend your sense of decency and threaten your basic values Ms Bruce smashes the facades of Tolerance Understanding and other Leftist slogans to reveal the ugly truth of their agenda As a gay activist and former president of the Los Angeles chapter of the National Organization of Women she witnessed firsthand the Left s attempts to undermine our millennia old code of morals and values aided by politically biased media and academia And if the news headlines of today are any indication they re winning the culture war Unless we act now we are doomed at the hands of special interest groups on the Left who want nothing more than to undermine our ability to judge right from wrong in order to foist their own selfish anything goes society on the rest of us This book reveals what they re doing how they re doing it and what we can do to restore decency in our society You ll discover powerful tools in these pages to help you understand the psychology of the Left what makes them tick and more importantly how to stop them from eroding our values completely Full of controversial opinions and countless examples ripped from the headlines *The Death of Right and Wrong* is a powerful eye opening book that you won t want to be without *Without Condoms* Michael

Shernoff,2013-01-22 After years of activism risk awareness and AIDS prevention increasing numbers of gay men are not using condoms and new infections of HIV are on the rise Using case studies and exhaustive survey research this timely groundbreaking book allows men who have unprotected sex a practice now known as barebacking to speak for themselves on their willingness to risk it all *Without Condoms* takes a balanced look at the profound needs that are met by this seemingly reckless behavior while at the same time exposing the role that both the Internet and club drugs like crystal methamphetamine play in facilitating high risk sexual encounters The result is a compassionate sophisticated and nuanced insight into what for many people is one of the most perplexing aspects of today s gay male culture and life style Michael Shernoff digs deep and forces us to see that the AIDS epidemic is not over We must now ask the hard questions and listen to the voices that answer The stakes are too high to ignore **The Advocate** ,2005-08-16 The Advocate is a lesbian gay
