The Fate of Abraham Peter Osborne,2022-05-12 As the Cold War faded into history it appeared to have been replaced by a new conflict between Islam and the West Or so we are told After the events of 9 11 and the advent of the war on terror this narrative seemed prophetic But as Peter Osborne reveals in this masterful new analysis the concept of an existential clash between the two is a dangerous and destructive fantasy Based on rigorous historical research and forensic contemporary journalism that leads him frequently into war torn states and bloody conflict zones Osborne explains the myths fabrications

and downright lies that have contributed to this pernicious state of affairs He shows how various falsehoods run deep reaching back as far as the birth of Islam and have then been repurposed for the modern day Many in senior positions in governments across the West have suggested that Islam is trying to overturn our liberal values and even that certain Muslims are conspiring to take over the state while Douglas Murray claims in his new book that we face a War on the West But in reality these fears merely echo past debates as we continue to repeat the pattern of seemingly wilful ignorance With murderous attacks on Muslims taking place from Bosnia in 1995 to China today Osborne dismantles the falsehoods that lie behind them and he opens the way to a clearer and more truthful mutual understanding that will benefit us all in the long run
