The various approaches employed reveal what it is to be an individual yoked by the idea of citizenship and challenge the ways that we have traditionally been taught to think of the individual as citizen. As such, it will appeal to scholars with interests in social theory, philosophy, literature, cultural studies, architecture, and feminist thought whose work intersects with political thought, utopian theorizing, or the study of humanity or human nature. **National Mall Plan**, 2010 Final FRCR Part a Modules 4-6 Single Best Answer MCQs Robin Proctor, 2009.
