Becoming a Teacher of Writing in Elementary Classrooms Donna Kalmbach Phillips, Mindy Legard Larson, 2015-12-22 *Becoming a Teacher of Writing in Elementary Classrooms* nurtures teachers' identities as writers connects to the realities of writing instruction in real and diverse classrooms and encourages critical and creative thinking. This text is about writing instruction as a journey teachers and students embark on together. The focus is on learning how to teach writing through specific teaching and learning structures found in the Writing Studio: mini lessons, teacher and peer conferencing, guided writing and sharing, celebrating and broadcasting writing. Pedagogical features include teaching structures and strategies, Problematising Practice, classroom scenarios, assessment resources and a Companion Website. Because a teacher who views him or herself as a writer is best positioned to implement the Writing Studio, a parallel text *Becoming a Writer* gives readers space to consider who they are as a writer, their personal process as a writer and who they might become as a writer.

Spectrum Reading for Main Ideas and Details in Informational Text Spectrum, Carson Dellosa Education, 2015-07-29 Reading words is just the first step help children comprehend the message by determining main ideas, describing characters, asking questions, understanding connections and more using *Spectrum Reading for Main Ideas and Details in Informational Text* for grade 3. *Spectrum Reading for Main Ideas and Details in Informational Text* takes aim at specific areas of study and helps children gain mastery by honing one skill at a time. With skill specific instruction this standards based workbook elevates critical thinking through extensive introductions and explanations, guided and independent practice, comprehensive assessments and performance tasks. It's the perfect resource to help children meet and exceed expectations.

Grades 4-8 Nancy L. Cecil, Joan P. Gipe, Merrill E. Marcy, 2017-07-05 Comprehensive yet succinct and readable Literacy in Grades 4-8 Third Edition offers a wealth of practical ideas to help preservice and practicing teachers create a balanced and comprehensive literacy program while exploring the core topics and issues of literacy in grades 4 through 8. It addresses teaching to standards, differentiating instruction for readers and writers, motivating students using assessment to inform instruction, integrating technology into the classroom, working with English learners and struggling readers, and connecting with caregivers. Selected classroom strategies, procedures, and activities represent the most effective practices according to research, and the many outstanding classroom teachers who were observed and interviewed for the book. The Third Edition includes added material connecting the Common Core State Standards to the instruction and assessment of literacy skills, a combined word study and vocabulary chapter to help readers integrate these important topics in their teaching, more on technology, including comprehension of multimodal texts, enhancing writing instruction with technology tools, and teaching activities with an added technology component. Added discussion of teacher techniques during text discussions, strategic moves that help students become more strategic readers, and key features in the Classroom vignettes, more than 50 activities, some with a technology component, questions for journal writing and for projects, and field-based activities, troubleshooting sections offering alternative suggestions, and activities for those middle-grade students who may find a particular literacy focus challenging. *The Teacher Clarity Playbook, Grades K-12*, 2023 Capturing the Wisdom of Practice Giselle O.

Martin-Kniep, 1999 What do professional portfolios consist of? Who are their audiences? Why should teachers and administrators use them? How are they structured? In *Capturing the Wisdom of Practice*, Giselle Martin-Kniep answers these and other questions, drawing on her work with more than 3,000 teachers and administrators from 400 school districts. Through excerpts from actual portfolios, Martin-Kniep illustrates how to select a range of artifacts that will lead portfolio developers to evaluate and improve their work. She also discusses using portfolios for key purposes: learning, curriculum development, and assessment research and staff development. Readers will find many practical strategies for building and using portfolios and learn what conditions are needed for success. I am absolutely convinced, says Martin-Kniep, that every professional who uses portfolios in a serious way will become a better teacher or administrator. **Explicit Direct**
