Leon Battista Alberti Martin McLaughlin, 2024-06-18 The first book in English to examine Leon Battista Alberti's major literary works in Latin and Italian which are often overshadowed by his achievements in architecture Leon Battista Alberti 1404-1472 was one of the most prolific and original writers of the Italian Renaissance a fact often eclipsed by his more celebrated achievements as an art theorist and architect and by Jacob Burckhardt's mythologizing of Alberti as a Renaissance or Universal Man In this book Martin McLaughlin counters this partial perspective on Alberti considering him more broadly as a writer dedicated to literature and humanism a major protagonist and experimentalist in the literary scene of early Renaissance Italy McLaughlin a noted authority on Alberti examines all of Alberti's major works in Latin and the

Italian vernacular and analyzes his vast knowledge of classical texts and culture McLaughlin begins with what we know of Alberti's life comparing the facts laid out in Alberti's autobiography with the myth created in the nineteenth century by Burckhardt before moving on to his extraordinarily wide knowledge of classical texts He then turns to Alberti's works tracing his development as a writer through texts that range from an early comedy in Latin successfully passed off as the work of a fictitious ancient author to later philosophical dialogues written in the Italian vernacular a revolutionary choice at the time humorous works in Latin including the first novel in that language since antiquity and the famous treatises on painting and architecture McLaughlin also examines the astonishing range of Alberti's ancient sources and how this reading influenced his writing what the humanist read he argues often explains what he wrote and what he wrote reflected his relentless industry and pursuit of originality
