Klostranec,Klostranec,2012 This text presents the most comprehensive resource available that focuses on exam preparation for the MCCQE Part 1 and the USMLE Step 2 Written in a concise easy to read style this annually revised text includes relevant clinical information on 29 medical subspecialties *Reproductive Health and Human Rights* Laura Reichenbach,Mindy Roseman,2011-09-30 Reproductive Health and Human Rights The Way Forward critically reflects on the past fifteen years of international efforts aimed at improving health alleviating poverty diminishing gender inequality and promoting human rights The volume includes essays by leading scholars and practitioners that are centered on the 1994 United Nations International Conference on Population and Development ICPD and its resulting Programme of Action ICPD an agreement among 179 governments UN agencies and NGOs was intended to shape population and development policy reinterpreted and redefined as reproductive health More than a decade after the

enthusiasm that accompanied ICPD there is growing concern about its effectiveness in the context of global health and development. Reproductive Health and Human Rights addresses that concern. The book grapples with fundamental questions about the relationships among population, fertility, decline, reproductive health, human rights, poverty, alleviation, and development, and assesses the various arguments, demographic, public health, human rights, based, and economic, for and against ICPD today. A number of the chapters address institutional challenges to ICPD and consider how the changing political, religious, academic, and disciplinary contexts matter. Other chapters engage operational and conceptual issues and whether ICPD has been able to move the reproductive health agenda forward on topics such as maternal mortality, abortion, HIV/AIDS, adolescents, reproductive technologies, and demography. Finally, several chapters examine how ICPD has been sidelined by emerging health and development agendas and what could be done in response. Unlike any book yet published, *Reproductive Health and Human Rights: The Way Forward* examines the state of the arguments for reproductive health and rights from a multidisciplinary perspective that provides policymakers, scholars, and activists with a better understanding of how reproductive health and rights have developed, their place in the global policy agenda, and how they might evolve most effectively in the future.

Linton and Matteson's Medical-Surgical Practical Nursing in Canada - E-Book Katherine Poser, Adrienne Dill Linton, Mary Ann Matteson, 2023-10-13. Master the role and responsibilities of the PN in Canadian medical surgical nursing. The only Canadian medical surgical nursing text designed for the Practical Nurse student. Linton and Matteson's *Medical Surgical Practical Nursing in Canada* provides a solid foundation in the fundamentals of nursing, including roles, settings, and issues, and trends in health care. Content includes descriptions of pathology, medical conditions, organized by body system, emergency and disaster management, pandemic preparedness, and mental health nursing. Unique to this text is a unit focusing on the older adult, a key patient population that PNs see in practice. Edited by Katherine Poser, an experienced educator and critical care nurse, this text helps you prepare for the REx PN or CPNRE licensure examinations and succeed as a new nurse.
