Manual Traduccion Lopez Guix:

Manual de traducción inglés-castellano Juan Gabriel López Guix, Jacqueline Minett Wilkinson, 2019-11-26 Este manual ofrece una visión panorámica de la práctica traductora. Por medio de un enfoque deductivo que va desde lo más general hasta lo más particular propone un recorrido que se inicia en los aspectos más teóricos relacionados con la filosofía y el lenguaje, pasa por las características específicas de las dos lenguas de trabajo así como por las principales líneas de reflexión teóricas sobre la traducción y finaliza en una sistematización de los problemas con los que se ve constantemente enfrentado el traductor al tiempo que se presentan algunas soluciones en un ámbito en el que abundan las excepciones.

Handbook of Spanish-English Translation Lucía V. Aranda, 2007 The Handbook of Spanish English Translation is a lively and accessible book for students interested in translation studies and Spanish. This book details the growth of translation studies from Cicero to postcolonial interpretations of translation as rewriting. It examines through examples the main issues involved in translation and interpretation such as text types, register, interference, equivalence and untranslatability. The chapters on interpretation and audiovisual translation and the comparative analysis of Spanish and English are especially significant. The second part of the book offers a rich compilation of diverse Spanish and English texts: academic, literary and government writings, comic strips, brochures, movie scripts and newspapers and their published translations, each with a brief introduction by Professor Aranda.

Análisis y traducción del texto económico inglés-español Isabel Pizarro Sánchez, 2010-12 Te interesa la traducción económica. Quieres traducir textos económicos y no sabes cómo. Encuentras dificultades al traducir textos económicos. A pesar de llevar años aprendiendo inglés y de tener un buen conocimiento de la cultura y lengua inglesa, sin embargo te cuesta traducir textos económicos como memorias anuales, informes, cartas, correos electrónicos, balances de situación, etc. El problema radica en el desconocimiento de un buen método de análisis y documentación que facilite el proceso de traducción. Por ello, esta obra introduce de forma sencilla los principales conceptos ligados al campo de la traducción económica y presenta una metodología completa del trabajo de traducción aplicable a cualquier texto económico. Metodología que se completa con un análisis de los errores y las dificultades más comunes en este campo. El libro está dirigido a todos aquellos que necesitan traducir textos económicos por motivos académicos o profesionales, por lo que resulta especialmente útil no sólo para alumnos y profesionales de la traducción económica sino también para especialistas del ámbito económico y financiero. La obra utiliza un lenguaje sencillo y de fácil comprensión tanto para los iniciados en el campo de la traducción como para los no expertos en temas lingüísticos y está organizada en bloques temáticos lo que facilita la consulta en función de las necesidades del lector. Además incluye una amplia descripción de las principales herramientas traductológicas y numerosos enlaces a diccionarios y glosarios especializados en los distintos campos de la economía: finanzas, banca, marketing, comercio, contabilidad, etc. Lo que la convierte en una herramienta rigurosa, actualizada y de gran utilidad tanto para el profesional como para el traductor novel.
