

Wheelchair Maintenance Checklist

Your wheelchair is a machine that will help you to be more active and mobile. You need to check the wheelchair to be sure that it is working well and safely. There may be a maintenance contract with the purchase of the wheelchair. Check your contract to see what service is provided. Also, be sure you ask if you need adjustments or changes as you use the chair.

This is a list of things that you may need to check on your wheelchair, depending on the type of accessories you have. It is best to check your wheelchair every _____ months and anytime that you think there may be a problem.
