Thejendra Sreenivas, The modern workplace environment has always been a source of comedy from decades but very few people are willing to openly admit it Many executives think humor and laughter are unproductive unprofessional and being serious and gloomy is the only way to spend their work life This is why most modern workplaces have become extremely humorless artificial and stressful But we don t have to be humorless to run a business Actually the ability to laugh at yourself and your work are the qualities of great and successful leaders Having a sense of humor can lighten up difficult situations and creatively solve many personal and business problems You must be able to think in atrocious ridiculous and illogical terms Modern management consultants call this thinking out of the box but I call it old fashioned creativity and humor that has existed from centuries Top Secret Business Humor is a collection of witty satire related to corporate stuff like processes performance change strategy customer satisfaction meetings quality and other workplace dramas we endure for several hours a day This book is all about imagining the creative and wackier side of working in an office to rejuvenate and brighten your day The chapters are all fictitious and can be taken with a pinch of salt though the paper used may not be edible The author makes no representations or warranties of any kind with respect to the accuracy usability or usefulness of the contents So get serious about injecting some humor in your life Mayil Will Not be Quiet! School Blues Daniel Pennac,2011-08-04 Daniel Pennac has never forgotten what it was like to be a very unsatisfactory student nor the day one of his teachers saved his life by assigning him the task of writing a novel This was the moment Pennac realized that no one has to be a failure for ever In School Blues Pennac explores the many facets of schooling how fear makes children reject education how children can be captivated by inventive thinking how consumerism has altered attitudes to learning Haunted by memories of his own turbulent time in the classroom Pennac enacts dialogues with his teachers his parents and his own students and serves up much more than a bald analysis of how young people are consistently failed by a faltering system School Blues is not only universally applicable but it is unquestionably a work of literature in its own right driven by subtlety sensitivity and a passion for pedagogy while embracing the realities of contemporary culture
