The Book of Expo Guidebooks Gordon Linden, 2016-02 Guidebooks from major International Expositions held between 1929 Barcelona Seville and today 2015 Milan are interesting records of the entertaining and educational temporary worlds created at these events in various cities throughout the world Published as ephemeral items to be purchased by fairgoers copies occasionally turn up at flea markets in antiquarian bookstores and on internet bookstore sites This collection of images from the various events along with a description of the contents of the books is sure to appeal to memorabilia collectors as well as those seeking to learn more about the history of Expos and World s Fairs *Women and the Travel Guidebook, 1870-c.1910* Jasmine Proteau, 2025-01-31 Although the printing giants of John Murray and Karl Baedeker dominated the nineteenth century travel guidebook market women were important producers and consumers of guides This book argues that in the late nineteenth century women were key cultural producers of travel guidebooks an important form of non fiction mass media during an upsurge and shift in European travel and tourism While a limited number of studies have identified a small number of female authored guidebooks this is the first to take a broad view of women s place within the guidebook market situating female authored texts within a large and competitive book market to understand the role of gender in guidebook publication Given Italy s historic religious cultural and artistic significance to the Anglophone world guides to Italy were perhaps the most numerous among all the guidebooks targeted at travellers from the United Kingdom and North America in the nineteenth century and therefore form a key focus of this study *Monthly Catalog of United States Government Publications* United States.
