ALLIES BECOME ENEMIES

(Pages 531–532)

What caused the Cold War?

The United States and the Soviet Union were allies during World War II. In February 1945, they agreed to divide Germany into separate zones. Each zone was occupied by the soldiers of one of the Allies. The Allies also helped form the **United Nations (UN)** in 1945. The UN pledged to prevent war.

The United States and the Soviet Union had important differences after the war. The United States suffered few casualties and was the richest nation in the world.

The Soviet Union suffered enormous loss of life and damage to its cities.

There were also striking political differences. The United States wanted to encourage democracy. The Soviet Union wanted to set up Communist governments. These differences caused tensions between the two countries.

1. How did U.S. goals and Soviet goals differ after World War II?

Guided Reading Cold War Superpowers:

Cold War James R. Arnold, Roberta Wiener, 2012-01-16 The impact of the Cold War is still being felt around the world today This insightful single volume reference captures the events and personalities of the era while also inspiring critical thinking about this still controversial period Cold War The Essential Reference Guide is intended to introduce students to the tensions between the Soviet Union and the United States that dominated international affairs in the second half of the 20th century A comprehensive overview essay plus separate essays on the causes and consequences of the conflict will provide readers with the necessary context to understand the many facets of this complex era The guide's expert contributors cover all of the influential people and pivotal events of the period encompassing the United States the Soviet Union Europe Southeast Asia China the Middle East Latin America and Africa from political military and cultural perspectives Reference entries offer valuable insight into the leaders and conflicts that defined the Cold War while other essays promote critical thinking about controversial and significant Cold War topics including whether Ronald Reagan was responsible for ending the Cold War the impact of Sputnik on the Cold War and the significance of the Prague Spring The Arch Conspirator Len Bracken, 1999 Veteran conspiracy author Len Bracken's collection of witty essays and articles takes readers down the dark corridors of conspiracy politics murder and mayhem A fascinating maze of interwoven tales it includes juicy morsels for conspiracy theorists including the Russian conspiracy and an interview with Costa Rican novelist Joaquin Gutierrez A pop conspiracy classic it even includes a psychogeographic map of the third millennium **A Study Guide for Ray Bradbury's "The Golden Kite, The Silver Wind"** Gale, Cengage Learning, *Flannery O'Connor and Cold War Culture* Jon Lance Bacon, 1993 Flannery O'Connor and Cold War Culture offers a radically new reading of O'Connor who is known primarily as the creator of universal religious dramas By recovering the historical context in which O'Connor wrote her fiction Jon Lance Bacon reveals an artist deeply concerned with the issues that engaged other producers of American culture from the 1940s to the 1960s a national identity political anxiety and intellectual freedom Bacon takes an interdisciplinary approach relating the stories and novels to political texts and sociological studies as well as films television programs paintings advertisements editorial cartoons and comic books At a time when national paranoia ran high O'Connor joined in the public discussion regarding a way of life that seemed threatened from outside the American way of life The discussion tended toward celebration but O'Connor raised doubts about the quality of life within the United States Specifically she attacked the consumerism that cold warriors cited as evidence of American cultural superiority The role of dissenter appealed greatly to O'Connor and her identity as a Southern Catholic writer the very identity that has discouraged critics from considering her as an American writer furnished a position from which to criticize the Cold War consensus Access to History: The Cold War 1941-95 Third Edition David Williamson, 2015-09-25 Exam Board AQA Edexcel OCR WJEC Level A level Subject History First Teaching September 2015 First Exam June 2016 Give your students the best chance of success with this tried and tested

Deconstructing and Reconstructing the Cold War Shahin P. Malik, 2018-12-17 Published in 1999 These essays are not deconstructive in the postmodern sense None of the authors have that depth of scepticism about knowledge claims but they are all concerned that the terms of reference of Cold War enquiry have been inappropriately bounded The chapters by Murray and Reynolds specifically address the broad theoretical issues involved with paradigms and explanation The chapters by Dobson Marsh Malik Evans and Dix stretch out Cold War paradigms with successive case studies of Anglo American relations the USA Britain Iran and the oil majors the Gulf States and the Cold War South Africa and the Cold War and Indian neutralism All five authors challenge the efficacy of neo realist analysis and explanation and critique the way that assumptions derived from that position have been used in historical explanation The chapters by Ryall Rogers and Bideleux deal with Roman Catholicism in East Central Europe with nuclear matters and with the Soviet perspective Each work goes beyond the limits of Cold War paradigms Finally Ponting places the Cold War in the broad context of world history These essays provide thought provoking scholarship which helps us both to nuance our understanding of the Cold War and to realise that it should not be taken as an all embracing paradigm for the explanation of postwar international relations

The Cold War Reference Guide Richard Alan Schwartz, 2015-09-17 For over forty years much of the world was held captive by a conflict between two wholly incompatible economic ideologies capitalism and communism and the two primary superpower countries who practiced them the United States and the Soviet Union Written in accessible language for readers with little or no previous knowledge about the subject this work is first a general history of the Cold War with an overview of its root causes and the policies and theories that were in place from 1947 through 1990 A thoroughly annotated chronology of important Cold War events follows Short biographies of some of the major United States political figures and world leaders conclude the work

Bunker Bradley Garrett, 2021-08-03 Thought provoking and eerily prescient bunker offers a whirlwind tour of prepper communities around the world In the United States alone nearly twelve million people are prepared to Survive for thirty days without access to food water or power Millions more have started prepping for the sorts of emergencies blackouts wildfires civil unrest that they hear about in the news every day Bradley Garrett crossed four continents to meet preppers building panic rooms and backyard survival chambers stockpiling supplies stuffing go bags hiding inflatable rafts rigging mobile bugout vehicles and burrowing deep into the earth He s taken the pulse of a new global movement and returned with a brilliant

original and deeply disturbing diagnosis of the way we now live Whenever social and political systems fail to produce credible narratives of stability Garrett argues prepping is a rational response And those who live in dread of the next pandemic of nuclear brinksmanship or of an accelerating climate crisis are responding to it predict ably reasonably even by hunkering down Book jacket *History on the Run* Ma Vang, 2020-12-21 During its secret war in Laos 1961-1975 the United States recruited proxy soldiers among the Hmong people Following the war many of these Hmong soldiers migrated to the United States with refugee status In *History on the Run* Ma Vang examines the experiences of Hmong refugees in the United States to theorize refugee histories and secrecy in particular those of the Hmong Vang conceptualizes these histories as fugitive histories as they move and are carried by people who move Charting the incomplete archives of the war made secret through redacted US state documents ethnography film and literature Vang shows how Hmong refugees tell their stories in ways that exist separately from narratives of U S empire and that cannot be traditionally archived In so doing Vang outlines a methodology for writing histories that foreground refugee epistemologies despite systematic attempts to silence those histories *The Cold War* J.P.D. Dunbabin, 2014-01-14 The Cold War offers a brief but detailed treatment of one of the most complex eras of the 20th Century In this fully revised second edition J P D Dunbabin drawing on international scholarship and using much new material from communist sources describes a world in which covert operations could be as important as outright diplomacy soft power as influential as hard and in which competing ideologies ruled the hearts as much as the heads of the leaders in power Dunbabin's account is global in scope taking into account the importance of players beyond the superpowers and shedding light on the proxy conflicts such as those in Africa and the Middle East that if not caused by the continuing stalemate between the great powers were used as weapons within it *Encyclopedia of the Cold War* Ruud van Dijk, William Glenn Gray, Svetlana Savranskaya, Jeremi Suri, Qiang Zhai, 2013-05-13 Between 1945 and 1991 tension between the USA its allies and a group of nations led by the USSR dominated world politics This period was called the Cold War a conflict that stopped short of a full blown war Benefiting from the recent research of newly open archives the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose developed and was resolved This work examines the military economic diplomatic and political evolution of the conflict as well as its impact on the different regions and cultures of the world Using a unique geopolitical approach that will present Russian perspectives and others the work covers all aspects of the Cold War from communism to nuclear escalation and from UFOs to red diaper babies highlighting its vast ranging and lasting impact on international relations as well as on daily life Although the work will focus on the 1945-1991 period it will explore the roots of the conflict starting with the formation of the Soviet state and its legacy to the present day
