Matthew's Account of the Massacre of the Innocents in Light of its Reception History Sung J. Cho, 2021-10-21 Sung Cho addresses the seeming contradiction of Herod the Great's massacre in Matthew 2:16-18 questioning why such a tragedy had to occur why it was included in the good news of Jesus and what connection it has to ancient prophecies In creating a reception history of the Massacre of the Innocents Cho progresses through two millennia worth of interpretation and depiction to highlight key works for discussion Beginning with a close reading of Matthew 2:16-18 Cho moves to analyse depictions of the tragedy in the Early Patristic Tradition from the sixth century to the early modern period and thus to the present day complete with an examination of visual interpretations of the massacre Cho's examination provides a positive step to understanding the depths of human suffering with the help of many diverse perspectives

Zoeller, 2023-01-01 Teaching and learning through Hollywood or commercial film and television productions is anything but a new approach and has been something of a mainstay in the classroom for nearly a century. However, purposeful and effective instruction through film is not problem free and many challenges accompany classroom applications of Hollywood motion pictures. In response to the problems and possibilities associated with teaching through film, we are developing a collection of practical classroom ready lesson ideas that might bridge gaps between theory and practice and assist teachers endeavoring to make effective use of film in their classrooms. We believe that film can serve as a powerful tool in the social studies classroom and where appropriately utilized, foster critical thinking and civic mindedness. The NCSS College Career and Civic Life C3 framework represents a renewed and formalized emphasis on the perennial social studies goals of deep thinking, reading, and writing. Our hope is that this edited book might play a small role in the larger project of supporting practitioners, specifically 6-12 teachers of social studies and world religion content, by offering a collection of classroom ready tools based on the Hollywood or History strategy and designed to foster inquiry through the careful use of selected motion pictures and television productions. Topics of interest include the roots, rituals, symbols, beliefs, and controversial or significant people or events related to The Abrahamic Religions, Judaism, Christianity, Islam, Eastern Religions, Philosophies, Hinduism, Buddhism, Indigenous Religions, Spirituality, First Nations, Traditional African Religions. **Draft General Management Plan and**

Environmental Impact Statement, 1996 *The Theology of the Acts of the Apostles* Jacob Jervell, 1996-05-16 Who are the people of God? Luke's purposes in the Acts of the Apostles are to identify the church, to establish the legitimacy of its gospel, and to demonstrate that God was an active force in history. He wanted to show that the communities of Jewish and Gentile Christians are the true heirs of God's promises to Israel. He gives the history of the early church from the last decades of the first century as the communities become separated from their Jewish origins, and Paul plays the lead role. Acts offers an apologetic for the mixed mission of the church to Jews and Gentiles. Luke was an eyewitness to some of what he reports, but his authorship and views have been questioned. This is a theological interpretation of the history of the church within history. Luke is an artist, a narrator, rather than a systematic theologian, but writes about the roles of God, Christ, and the Holy Spirit and of the church. *Jurisprudence* Wayne Morrison, 2016-04-08 This challenging book on jurisprudence begins by posing questions in the post-modern context and then seeks to bridge the gap between our traditions and contemporary situation. It offers a narrative encompassing the birth of western philosophy in the Greeks and moves through medieval Christendom, Hobbes, the defence of the common law with David Hume, the beginnings of utilitarianism in Adam Smith, Bentham, and John Stuart Mill, the hope for enlightenment with Kant, Rousseau, Hegel, and Marx, onto the more pessimistic warnings of Weber and Nietzsche. It defends the work of Austin against the reductionism of HLA Hart, analyses the period of high modernity in
