Timothy Wade Corder,2019-06-07 War for Your Worldview is based on the insights gained through twenty years of the author's intense investigative research Although a great deal has been written in recent years about globalism and the infamous New World Order much of it provides only scant evidence along with endless conjecture requiring readers to take giant leaps of faith This book however is different Corder disregards folklore and presents only the shocking incontrovertible evidence that proves the existence of the Deep State showcases the corruption that controls our news and entertainment media and exposes the elite cabal's insidious century long plot to undermine the founding principles of The United States of America Every citizen should be aware of the facts related to how our education system and our media sources have been hijacked to dumb down our population how the climate change narrative has been forced into our collective consciousness to guilt and shame us into bankruptcy and how our jobs and industries have been outsourced to destroy our economic well being Corder reviews the work of several credentialed whistle blowers who have blown the doors off of the covert operations intended to erode our values and ultimately topple our civilization He also demonstrates how social engineers have used our most noble qualities against us in their effort to bring about our destruction The key players are identified by name and concrete

examples are provided of their undeniably sinister intentions and egregious acts against our Republic Learn how divisive rhetoric and emotionally charged propaganda are presenting direct threats to our civil liberties and how blatant attacks on patriotism Christianity and the US Constitution are erasing our national identity Discover how deadly drugs mass immigration and socialist policies are all being promoted to weaken us as a nation to destroy our people by bringing chaos and disorder to our lives and our communities You won't get these explosive truths from the mainstream media or anywhere else There's a war being fought for our collective worldview The weaponry that's being employed against us is the manipulation of our minds The stakes are high The attacks are real The casualties are real Know how to fight back for freedom for liberty and for the way of life that we all cherish as Americans
