Personnel Management Process Intro The role of a Human Resource department is ever altering in today's unpredictable organisation environment. Over the years HR have actually ended up being strong tactical partners within a company by providing functions such as recruitment, training and development and retention. Personnel, in order to be strategic, works directly with all levels of management in an effort to assist with technique and the growth of the company to meet their vision. One very essential element is talent acquisition. Having the ideal people in crucial roles within the organization is essential to the success and growth of any business. Performing this function consists of task analysis, task and KSA declarations, preparing job descriptions, recruiting, and after that setting settlement. The whole process from job analysis to settlement is discussed as follows: *Task analysis* When a brand-new job is developed or a job occurs, it is the function of a HR agent to fill that space. In order to perform this function they require to initially comprehend what function they are attempting fill is and what skills and responsibilities this brand-new role would require. By conducting a job analysis they have the ability to further define important components of any job and then search for the person or people that are the most qualified and would be a good fit for the company. Job analysis is the procedure of describing and recording aspects of jobs and stipulating the abilities and other requirements required to carry out the job. It describes the process of Event and collecting info about duties, responsibilities, skills, the results and the environment that influences working in a specific task field. The job analysis process will help the HR managers find the perfect prospect for the position. *Task statement* Task analysis is the process by which a task statement is derived. The task statement is the most important element of task analysis process because it provides a standardized, concise format to describe worker actions. It is a document that defines and describes the specific job to be performed by the candidate. The creation of these task statements may take considerable thought and insight. However, the rewards of conducting this due diligence before taking on the task of hiring a new employee, makes the process very simple and less stressful. Everything is clearly defined and above all, measurable in the future. *KSA statement* KSA statements are the job related knowledge, skills and abilities that an applicant must perform successfully in a certain position. It is a statement that helps employees in the process of identifying the employee who best fits in a particular field. KSA statements help hiring managers identify the knowledge, skills and attributes needed to successfully perform a specific job. Knowing the tasks that have to be performed, helps you to identify the KSA that the candidate must possess in order to perform to the companies standards and in return hire the right candidate. *Job description* Writing a job description is an important step in the human resource staffing plan. A job description typically outlines...
