

Question 2A– Unlocking the Question

I can identify WHICH paragraph I have to re-read

This may sound like an obvious thing, but sometimes in the exam students miscount and this means all their marks for this question are lost.

TASK: Look at the question and then the passage below.

Put a star next to the relevant paragraphs.

TOP TIPS

- ✓ To try and avoid confusion, the exam board normally tells you the number of the paragraph AND then tells you how that paragraph begins.
- ✓ **Don't** count the information about the passage as the first paragraph!
- ✓ Double check that you have the right paragraph!

WARNING: Check you haven't got mixed up. The question tells you WHAT you are looking for in the paragraph e.g the description of the cold. IF your paragraph has nothing about the cold in it then you need to check your counting!

The Question:

Re-read the descriptions of:

- (a) The fall in paragraph 3, beginning "I flip on to my front"
- (b) The accidents in paragraph 5, beginning "Instead, I am in agony, writhing and crying."

Select words and phrases from these descriptions, and explain how the writer has created effects by using this language.

(10 marks)

Passage A
