Jean Calvin Biographies Historiques:

Calvin, A Biography Bernard Cottret, 2003-05-22 A major new authoritative and comprehensive biography shedding new light on the life and personality of the great Reformer and the milieu in which he lived and worked Cottret's Calvin is not the static theologian of earlier biographies but a man of enormous vigour constantly on the move in his thinking as well as in his life Professor Cottret introduces the reader to the world into which Calvin was born and follows him from childhood to humanistic and literary pursuits in Basel to ministry in Geneva to the halcyon Strasbourg years and finally back to Geneva The vital issues of the day are encountered as it were through Calvin's eyes as the author leads the reader through the dramatic upheavals of sixteenth century Europe A classic biography which will be an indispensable resource for students and scholars for years to come Praise for Calvin A tour de force Cottret has avoided the trap of painting a character who would have had from the beginning all of the traits of his later years and endeavours to show how Calvin became Calvin Brilliant Le Monde This excellent book regards the French Reformer with new eyes Cottret mixes seriousness and welcome humour For the public interested in a history of Protestantism this book is full of reflections of the spirit of the Reformation Les Livres du Mois Bernard Cottret is an accomplished and successful writer He has an idiosyncratic style that mixes narrative and professional bon mots of a cold philosophical nature Cottret is also the first of recent biographers to make extensive use of Calvin's sermons many of which languished unpublished until recently Calvin had grave doubts about the publication of such works and thought them fit only for a local and transitory audience but it is here in this less guarded medium that Calvin's skill as a teacher and expositor shines forth with greatest clarity English Historical Review **The Unaccommodated**

Calvin Richard A. Muller, 2001-12-20 This book attempts to understand Calvin in his 16th century context with attention to continuities and discontinuities between his thought and that of his predecessors contemporaries and successors Muller pays particular attention to the interplay between theological and philosophical themes common to Calvin and the medieval doctors and to developments in rhetoric and method associated with humanism John Calvin T. H. L. Parker, 2007-01-01

John Calvin was one of the most important leaders of the sixteenth century Protestant Reformation In this revision of his major biography T H L Parker explores Calvin's achievement against the backdrop of the turbulent times in which he lived With clear and concise explanations of Calvin's theology analyses of his major works and insights into his preaching this definitive biography brings this crucially important reformer and his world to life for readers John Calvin's Exegesis of the Old Testament David L. Puckett, 1995-01-01 For anyone who wishes to understand the historical tensions that existed in Calvin's time with regard to the interpretation of scripture this book will be of great value For those who wish to understand Calvin's actual method of exegetical reasoning a largely unmined source of information that reveals what he most valued as an exegete this book will be invaluable **Sober, Strict, and Scriptural: Collective Memories of John Calvin,**

A Crtitical Bibliography of French Literature V2 16th C , The General Biographical Dictionary Containing an Historical and Critical Account of the Lives and Writings of the Most Eminent Persons; ... a New Ed. by Alex. Chalmers Alexander Chalmers,1813 History and Polemics in the French Reformation Barbara Sher Tinsley,1992 Raemond s significance in European historiography a study that is attracting renewed attention among scholars is explored by comparing his views with those of other historians and public figures of his century both Protestant and Catholic The first three chapters deal with Raemond s life and literary associations the fourth with his expose of Pope Joan Next follows a consideration of his book on the Antichrist which together with the chapter on Joan offers a survey of many centuries of information and misinformation concerning church history especially the nature of papal primacy apostolic purity and the apocalyptic fears of a variety of writers and theologians These included Luther Calvin Melanchthon and John Bale who thought that the pope or the Turk was the Beast of the Book of Daniel

Life Writing in Reformation Europe Irena Backus,2016-05-06 The Reformation period witnessed an explosion in the number of biographies of contemporary religious figures being published Whether lives of reformers worthy of emulation or heretics deserving condemnation the genre of biography became a key element in the confessional rivalries that raged across Europe in the sixteenth and seventeenth centuries Offering more than a general survey of Life writing this volume examines key issues and questions about how this trend developed among different confessions and how it helped shape lasting images of reformers particularly Luther and Calvin up to the modern period This is the first ever full length study of the subject showing that Lives of the reformers constitute an integral part of the intellectual and cultural history of the period serving as an important source of information about the different Reformations Depending on their origin they provide a lesson in theology but also in civic values and ideals of education of the period Genevan Lives in particular also point up the delicate issue of Reformed hagiography which their authors try to avoid with a varying degree of success Having consistently been at the forefront of the study of the intellectual history of the Reformation Irena Backus is perfectly placed to highlight the importance of Life writing This is a path breaking study that will open up a new way of viewing the confessional conflicts of the period and their historiography

John Calvin Williston Walker,1906

John Calvin on the Diaconate and Liturgical Almsgiving Elsie Anne McKee, 1984 L auteur nous propose dans cet ouvrage une étude de l'enseignement de Calvin sur le diaconat le diacre dans les églises protestantes a pour mission de veiller au soin des pauvres et des malades Elle détaille l'exégèse et l'historique de cet enseignement et montre dans quelle mesure celui-ci était suivi en examinant la collecte dans les différentes églises protestantes de l'époque

John Calvin's Institutes of the Christian Religion Bruce Gordon, 2016-05-17 An essential biography of the most important book of the Protestant Reformation John Calvin's Institutes of the Christian Religion is a defining book of the Reformation and a pillar of Protestant theology First published in Latin in 1536 and in Calvin's native French in 1541 the Institutes argues for the majesty of God and for justification by faith alone The book decisively shaped Calvinism as a major religious and intellectual force in Europe and throughout the world Here Bruce Gordon provides an essential biography of Calvin's influential and enduring theological masterpiece tracing the diverse ways it has been read and interpreted from Calvin's time to today Gordon explores the origins and character of the Institutes looking closely at its theological and historical roots and explaining how it evolved through numerous editions to become a complete summary of Reformation doctrine He shows how the development of the book reflected the evolving thought of Calvin who instilled in the work a restlessness that reflected his understanding of the Christian life as a journey to God Following Calvin's death in 1564 the Institutes continued to be reprinted reedited and reworked through the centuries Gordon describes how it has been used in radically different ways such as in South Africa where it was invoked both to defend and attack the horror of apartheid He examines its vexed relationship with the historical Calvin a figure both revered and despised and charts its robust and contentious reception history taking readers from the Puritans and Voltaire to YouTube the novels of Marilynne Robinson and to China and Africa where the Institutes continues to find new audiences today

Calvin Bernard Cottret, 2000 Modesty softness and mildness such was John Calvin in his own words This brief self portrait will surprise posterity quick as it is to detect in Calvin a deeply passionate man of zealous action Calvin adds elsewhere I acknowledge myself to be timid soft and cowardly by nature He repeated the same idea feelingly on the eve of his death calling himself timid and fearful before an astounded group of pastors who knew by experience that the old fellow could raise up storms These various descriptions of Calvin strongly underline the vigor of a character that owed all its energy to God alone At the same time the apparent contradictions within Calvin's personality make it hard to capture his true nature The large number of biographies attempted to date attest to this fact many of which simply picture Calvin as a rigid fundamentalist or as a totalitarian who ruled Geneva with an iron hand Such interpretations however are much too one dimensional This sterling new biography by Bernard Cottret opts for a Calvin in movement thus distinguishing itself from works that present Calvin as a man of relatively static character The aim of this book is simply to recover the truth or rather to reclaim the intelligibility of a man in his time This is a historian's Calvin the work of a university professor who is neither a theologian nor an ordained minister Cottret's welcome approach sheds new light on the great Reformer's personality by

concentrating on the milieu in which Calvin did his life's work. In the largest part of the book Cottret explores Calvin's life chronologically. We are introduced to the world into which Calvin was born: a Europe in the throes of upheaval owing to the development of the printing press and divergent religious views. We follow Calvin from his birth and childhood in Noyon to his school years in Paris. We accompany Calvin on his humanistic and literary pursuits in Basel, his early ministry in Geneva, and his halcyon Strasbourg years. Finally we move again to Geneva where the brunt of Calvin's serious and better known life was lived. Along the way we encounter the major issues of Calvin's day: the sacrifice of the Mass, iconoclasm, predestination, the Arianism of Michael Servetus, issues to which he reacted with all his religious emotion. We tarry with him in Geneva and get an up close look at the governance of Calvinism's holy city. And we share in Calvin's joys and sorrows through a reading of his prolific correspondence. In the final chapters Cottret explores thematic aspects of Calvin's persona: Calvin the polemicist, the preacher, and the writer, and looks in greater depth at his foremost work, the Institutes of the Christian Religion. Widely acclaimed in its French edition, this balanced and beautifully written biography will take its place among the best and most enjoyable portraits of Calvin's life, work, and lasting influence. *Calvin and the Reformation* James MacKinnon, 2012-10
