James Jackson, 2024-09-23 Cocteau had an ambition many a poet has to become immortal But he perhaps more than most addressed this ambition directly in a great many of his plays poems and films This book puts the work of this elusive and compelling poet under the microscope examining how he channeled the concerns and anxieties of his age and beyond into his creations Putting aside anecdotes of his life and other biographical minutiae it turns to the creative achievements of the polymath some well known some less so to examine how he wrestles with the profound questions that concern human nature and enters into a conversation with his creative forebears on matters relating to love imagination suffering and consolation

**The Infernal Machine, and Other Plays** Jean Cocteau, 1964 Four full length plays by one of the greatest dramatists Europe has produced      [Oedipus and the Sphinx](#) Almut-Barbara Renger, 2013-09-03 When Oedipus met the Sphinx on the road to Thebes he did more than answer a riddle he spawned a myth that told and retold would become one of Western culture's central narratives about self understanding Identifying the story as a threshold myth in which the hero crosses over into an unknown and dangerous realm where rules and limits are not known Oedipus and the Sphinx offers a fresh account of this mythic encounter and how it deals with the concepts of liminality and otherness Almut Barbara Renger assesses the story's meanings and functions in classical antiquity from its presence in ancient vase painting to its absence in Sophocles's tragedy before arriving at two of its major reworkings in European modernity the psychoanalytic theory of Sigmund Freud and the poetics of Jean Cocteau Through her readings she highlights the ambiguous status of the Sphinx and reveals Oedipus himself to be a liminal creature providing key insights into Sophocles's portrayal and establishing a theoretical framework that organizes evaluations of the myth's reception in the twentieth century Revealing the narrative of Oedipus and the Sphinx to be the very paradigm of a key transition experienced by all of humankind Renger situates myth between the competing claims of science and art in an engagement that has important implications for current debates in literary studies psychoanalytic theory cultural history and aesthetics      [Fiche de Lecture](#), 2011 Tout ce qu'il faut savoir sur *La Machine infernale* de Cocteau Retrouvez l'essentiel de l'œuvre dans une fiche de lecture complète et détaillée avec un résumé une étude des personnages des clés de lecture et des pistes de réflexion Rédigée de manière claire et accessible la fiche de lecture propose d'abord un résumé acte par acte de la pièce puis s'intéresse tout particulièrement aux personnages de Dièpe et de sa mère Jocaste

**Okinawa** Tatsuhiro Nakajima, Ph.D., 2014-06-26 This is a book of psychoanalysis However the patient is not a human but place and imagination of placing The islands of Okinawa placed on the border of Japan and Taiwan consist of a complex of subtropical islands in the East China Sea with marine life abundantly found in the beautiful emerald ocean However Okinawa is a history of deterritorialization starting from colonization of the former Ryukyu kingdom by Japan in 1879 followed by the World War II and the US occupation until 1972 These tiny dots on the Pacific Ocean became subject to the collective fate of the world However placing oneself in these tiny dots and looking at the world from within provides a picture that is totally different from looking at them externally There are numerous accounts by ethnographers and anthropologists who carried out research in this region of carnival masks and costumes their belief in the oceanic paradise worship of nature ancestor and women s spirituality Psychoanalysis of the anthropological research unfolds complexity of this field and deconstructs dualistic modern mind that separates nature from psyche What appears is an ecological perspective of the psyche of the new era
