Nikon D800 and D800e: A Simple Guide Steve Markelo,2015-06-11 The Nikon D800 D800e is one of the Nikon cameras to win the Gold Award by Digital Photography Review The camera has several functions that come as standard in the default function such as autofocus in some scenes and scenarios you will need to manually adjust the setting to achieve the quality photos as you shoot The camera has white balance ISO sensitivity and exposure compensation to reduce the effects of a different light source on how the camera captures the photo There are different modes to help you change the shutter speed and aperture values to achieve the settings required for the different scenes *Portrait Photography* Erik Valind,2014-03-20 In Portrait Photography From Snapshots to Great Shots author and photographer Erik Valind shows you how to get the best shots of your subjects whether you re in a studio or outdoors at a family get together or at a formal event Starting with the fundamentals of portrait photography including how to select the right camera settings and lenses and how

to compose your shots Erik covers building a rapport with your subject and offers suggestions for poses that flatter your subject to achieve great shots He then addresses the problems and opportunities of both natural and indoor light offering ways to resolve lighting challenges of both showing when and how to use a flash and how to add and modify light to improve the quality of your images Finally he walks through several portrait scenarios including creating single person shots such as headshots and environmental shots and group shots such as family and wedding photos Follow along with Erik and you will Learn the basics of capturing great portraits such as focusing on the eyes stepping back and zooming in and turning your subject into the light Evaluate focal length compression and working distance to select the best lens for any given shoot Establish trust with your subject and provide helpful direction and feedback so they feel at ease and look their best Address challenges associated with natural light such as shade and direct light and tame or redirect the light for improved photographs Improve the light with modifiers and other helpful tools such as strobes umbrellas and reflectors Go behind the scenes and walk through the process of creating great portraits with two chapters of start to finish examples Beautifully illustrated with large vibrant photos this book teaches you how to take control of your photography to get the portraits you want every time you pick up your camera **Nikon D800** Jeff Revell, 2012-08-10 Created expressly for the beginning photographer no matter what camera you might be using Peachpit Press's bestselling From Snapshots to Great Shots books teach you the core fundamentals of photography and show you exactly how to execute those fundamentals with your camera Now that you've bought the amazing Nikon D800 you need a book that goes beyond a tour of the camera's features to show you exactly how to use the camera to take great pictures With Nikon D800 From Snapshots to Great Shots you get the perfect blend of photography instruction and camera reference that will take your images to the next level Beautifully illustrated with large vibrant photos this book teaches you how to take control of your photography to get the image you want every time you pick up the camera Follow along with your friendly and knowledgeable guide photographer and author Jeff Revell and you will Learn the top ten things you need to know about shooting with the D800 Master the photographic basics of composition focus depth of field and much more Use advanced exposure modes to gain full control over the look and feel of your images Utilize the full range of features offered by the D800 to capture images with extremely low noise incredible dynamic range and faithful color Learn all the best tricks and techniques for getting great action shots landscapes and portraits Find out how to get great shots in low light Shoot professional quality video and start making movies of your own And once you've got the shot show it off Join the book's Flickr group share your photos and discuss how you use your D800 to get great shots at flickr.com/groups/d800fromsnapshotstogreatshots **Low Light and Night Photography** Neil Freeman, 2017-03-31 Understanding and using light is key to all photography This book explains how to take and create stunning shots without much light but still retaining impact and depth It shows you how to capture the drama and excitement of a scene by using colours shapes and shadows and then how to reveal hidden details with digital manipulation With over

125 photographs it is full of ideas and inspiration including shots of the night sky cityscapes traffic trails light painting and much more *Vol. 19: Photography: Beyond Semi-Pro: The Nikon D800 & D800E* Shawn M. Tomlinson, 2018-03-14 I have been somewhat reluctant to write about the absolute best digital single lens reflex camera I have ever used the Nikon D800E The reason is that I like to write about older cameras that have become cheaper to buy and use for the frugal photographer Although some of the cameras I have written about were terribly expensive when first released by now they are reasonably cheap For example I've written books about the Canon EOS 1DS 1DS Mark II the Nikon D1 and the Nikon D2X These all are pro DSLRs and as such were released at prices ranging from 6 000 to 8 000 By now however the most you will pay is around 400 for any of them In a few years the Nikon D800E too will be much cheaper and an obvious choice for the frugal photographer No matter the price the D800 and D800E are two of the best DSLRs ever made Either will change you as a photographer in fantastic ways *Close-up and Macro Photography* Robert Thompson, 2017-09-18 Focusing on fieldcraft techniques for macro and close up photography Thompson covers the vital but often overlooked skills necessary to achieve consistent professional results in the field Case studies covering a broad and often challenging group of subjects from the seashore to your back garden form the core of the lavishly illustrated book Biology life history subject behaviour and ethics along with best practice approaches are discussed in detail and underpinned with photographic tips The book is divided into four sections Digital Fundamentals Fieldcraft Methodology Portfolio Case Studies Digital Workflow Presentation covering the full photographic process from capture through to editing captioning development and storage are discussed Moving beyond the surface level approach to macro instruction this book provides readers with techniques that work in the field Illustrated with over 250 of the author's own inspiring images this publication is a must for photographers naturalists and anyone interested in improving their macro skills in the field *Mastering the Nikon* Darrell Young, 2014-01-14 Mastering the Nikon D610 by Darrell Young provides a wealth of experience based information and insights for owners of the new D610 camera Darrell is determined to help the user navigate past the confusion that often comes with complex and powerful professional camera equipment This book explores the features and capabilities of the camera in a way that far surpasses the user's manual It guides readers through the camera features with step by step setting adjustments color illustrations and detailed how when and why explanations for each option Every button dial switch and menu configuration setting is explored in a user friendly manner with suggestions for setup according to various shooting styles Darrell's friendly and informative writing style allows readers to easily follow directions while feeling as if a friend dropped in to share his knowledge The learning experience for new D610 users goes beyond just the camera itself and covers basic photography technique *Nikon Creative Lighting System Digital Field Guide* Benjamin Edwards, 2012-02-15 Detailed coverage of the three high end speedlights built exclusively for new Nikon SLRs Nikon speedlights put creative control of flash at the photographer's command and with Nikon's Creative Lighting System flash control is practically intuitive and possibilities are seemingly

endless However setting up synchronizing the equipment and determining lighting ratios can be a daunting task This new edition of a bestseller puts your mind at ease in a flash Award winning photographer Benjamin Edwards begins with the basics and demystifies the complexities of using multiple speedlights adjusting flash outputs and setting up a wireless studio in an understandable approachable way Teaches you how to fill in shadows reveal detail and add a sense of motion or visual effects to your images all with automatic ease and total wireless control Includes coverage of other Creative Lighting System components such as Nikon s wireless commander and macro speedlights Explores the basic functions of the SB 910 continues with the SB 700 and the similar but less expensive SB 600 Boasts unique detailed advice on lighting specific subjects weddings pets product shots corporate locations portraits large groups sports and much more While the Nikon Creative Lighting System speedlights are like having a low cost wireless studio lighting system that s portable enough to fit in a camera bag this invaluable guide does fit in your camera bag and goes where you go to help you take control of this amazing lighting system
