States Vietnam as well as various industries heat supply high tech manufacturing

Loose-leaf Essentials of Corporate Finance Stephen Ross,Randolph Westerfield,Bradford Jordan,2010-05-24 Essentials of Corporate Finance 7th edition by Ross Westerfield and Jordan is written to convey the most important concepts and principles of corporate finance at a level that is approachable for a wide audience The authors retain their modern approach to finance but have distilled the subject down to the essential topics in 18 chapters They believe that understanding the why is just as important if not more so than understanding the how especially in an introductory course Three basic themes emerge as their central focus 1 An emphasis on intuition separate and explain the principles at work on a common sense intuitive level before launching into specifics Underlying ideas are discussed first in general terms then followed by specific examples that illustrate in more concrete terms how a financial manager might proceed in a given situation 2 A unified valuation approach Net Present Value is treated as the basic concept underlying corporate finance Every subject the authors cover is firmly rooted in valuation and care is taken to explain how decisions have valuation effects 3 A managerial focus Students learn that financial management concerns management The role of financial manager as decision maker is emphasized and they stress the need for managerial input and judgment

The Business of Criminal Justice Daniel Adrian Doss,Chengqi Guo,Joo Young Lee,2011-12-19 Regardless of the type size or mission of a criminal justice or law enforcement organization optimum decision making can be achieved by examining activities and functions from the perspective of traditional business administration Using profit and nonprofit business models The Business of Criminal Justice A Guide for Theory and Practice integrates the two philosophies of traditional management and finance and service oriented benefit and demonstrates how success in these organizations is dependent on using the proper business model Topics discussed in this forward thinking volume include The basic characteristics of qualitative and quantitative human decisions that affect law enforcement organizations Management theory and the concepts of controlling coordinating leading organizing and planning Strategic management and long term decisions that affect law enforcement and justice related entities for five or more years Quality management and operations management of law enforcement entities The influences of economics on the administration of law enforcement entities Various aspects of mathematical modeling that influence human decision making to fulfill a stated objective Models that support the expending of funds to benefit the organization and its stakeholders while rendering public service Building relationships between the law enforcement entity and society through marketing branding and advertising Demonstrating how the concepts of business administration influence law enforcement and government organizations this volume is a critical decision making tool for law enforcement and criminal justice entities ranging from small town sheriff s offices to large federal enterprises

Encyclopedia of Education Economics and Finance Dominic J. Brewer,Lawrence O. Picus,2014-08-25 Economics can be a lens for understanding the behavior of schools districts states and nations in meeting education needs of their populaces as well as for understanding the individual decisions made by administrators teachers and

students Insights from economics help decision makers at the state level understand how to raise and distribute funds for public schools in an equitable manner for both schools and taxpayers Economics also can assist researchers in analyzing effects of school spending and teacher compensation on student outcomes And economics can provide important insights into public debates on issues such as whether to offer vouchers for subsidizing student attendance at private schools This two volume encyclopedia contains over 300 entries by experts in the field that cover these issues and more Features This work of 2 volumes in both print and electronic formats contains 300 350 signed entries by significant figures in the field Entries conclude with cross references and suggestions for further readings to guide students to in depth resources Although organized in A to Z fashion a thematic Reader s Guide in the front matter groups related entries by topic Also in the front matter a chronology provides students with historical perspective on the development of education economics and finance as a field of study The entire work concludes with a Resources appendix and a comprehensive Index In the electronic version the index Reader s Guide and cross references combine to provide effective search and browse capabilities Key Themes Accountability and Education Policy Budgeting and Accounting in Education Finance Education Markets Choice and Incentives Equity and Adequacy in School Finance Financing of Higher Education Key Concepts in the Economics of Education Private and Social Returns to Human Capital Investments Production and Costs of Schooling Revenue and Aid for Schools Statistical Methods in the Economics of Education Teachers and Teacher Labor Markets

Corporate Citizen Oonagh E. Fitzgerald, 2020-10-06 The contributors to Corporate Citizen explore the legal frameworks and standards of conduct for multinational corporations In a globalized world governed by domestic and international law these corporations can be everywhere and nowhere at once reaping financial benefits and enjoying the protections of investor state arbitration but rarely being held accountable for the economic environmental and human rights harms they may have caused Given the far reaching power and success of the transnational corporation and the many legal tools allowing these companies to avoid liability how can governments protect their citizens Broad ranging in perspective colourful and thought provoking the chapters in Corporate Citizen make the case that because the success of corporate global citizenship risks undermining national and international democratic governance the multinational corporation must be more closely scrutinized and controlled in the service of humanity and the protection of the natural environment

Investment Decisions and the Logic of Valuation Carlo Alberto Magni, 2020-02-11 This book presents a new approach to the valuation of capital asset investments and investment decision making Starting from simple premises and working logically through three basic elements capital income and cash flow it guides readers on an interdisciplinary journey through the subtleties of accounting and finance explaining how to correctly measure a project s economic profitability and efficiency how to assess the impact of investment policy and financing policy on shareholder value creation and how to design reliable transparent and logically consistent financial models The book adopts an innovative pedagogical approach based on a newly developed accounting and

finance engineering system to help readers gain a deeper understanding of the accounting and financial magnitudes learn about new analytical tools and develop the necessary skills to practically implement them This diverse approach to capital budgeting allows a sophisticated economic analysis in both absolute terms values and relative terms rates of return and is applicable to a wide range of economic entities including real assets and financial assets engineering designs and manufacturing schemes corporate financed and project financed transactions privately owned projects and public investments individual projects and firms As such this book is a valuable resource for a broad audience including scholars and researchers industry practitioners executives and managers as well as students of corporate finance managerial finance engineering economics financial management management accounting operations research and financial mathematics It features more than 180 guided examples 50 charts and figures and over 160 explanatory tables that help readers grasp the new concepts and tools Each chapter starts with an abstract and a list of the skills readers can expect to gain and concludes with a list of key points summarizing the content
