

BBI2O Grade 10 Business – Final Exam

Business Exam Notes

1. *Economics*

Need vs. Wants

- Needs = necessary for survival , wants are not
- One set of wants can lead to the other
 - E.g. want to win the lottery, which makes it easier to satisfy other wants

Goods vs. Services

- Goods (e.g. Staples sells electronic goods)
- Services (e.g. food bank provides service to community)

Producer vs. Consumer

- Producers are the business that make goods or provide services
- Consumers are the people who buy the things/services that producers supply
 - E.g. buying a computer, servicing at computer-repairing shops
- Producers and consumers operate together to create a marketplace, which is any place where they engage in the buying and selling of goods/services

Demand and Supply

- **Demand** – the quantity of good/service that consumers are willing and able to buy at a particular price
 - Law of Demand
 - As price goes up, demand goes down. Vice versa.
 - Influences on demand
 - Expectations
 - Competition's price
 - Change in income
 - If demand is low, supply is high, prices go down
 - If demand is high, supply is low, prices go up
- **Supply** – the quantity of good/service that businesses are willing/able to provide within a range of prices that people would be willing to pay
 - Law of Supply
 - As price goes up, supply goes up. Vice versa.

 2100 Questions **Can You Beat Churchill?** Michael A. Barnhart,2021-06-15 How do you get students to engage in a
 historical episode or era How do you bring the immediacy and contingency of history to life Michael A Barnhart shares the
 secret to his award winning success in the classroom with Can You Beat Churchill which encourages role playing for
 immersive teaching and learning Combating the declining enrollment in humanities classes this innovative approach reminds
 us how critical learning skills are transmitted to students by reactivating their curiosity and problem solving abilities
 Barnhart provides advice and procedures both for the use of off the shelf commercial simulations and for the instructor who
 wishes to custom design a simulation from scratch These reenactments allow students to step into the past requiring them to
 think and act in ways historical figures might have Students must make crucial or dramatic decisions though these decisions
 need not align with the historical record In doing so they learn through action and strategic consideration the impact of real
 individuals and groups of people on the course of history There is a quiet revolution underway in how history is taught to
 undergraduates Can You Beat Churchill hopes to make it a noisy one *Commerce* YCT Expert Team , 2022 23 TGT PGT LT
