Miss Seetoh in the World Catherine Lim,2012-01-30 Miss Maria Seetoh a teacher of English and Literature in St Peter s Secondary School in Singapore sees herself as a simple soul who only wants to be a good and happy person and has a dream to write stories about simple ordinary people going about their daily lives However God Providence Fate Chance etc decrees otherwise She is thrown into the tumult of a disastrous marriage that begins as strangely as it ends a failed love affair that hollows her out and a controversial teaching career that ends with her abrupt resignation Most of all she is caught in a political event as shocking in its causes as in its consequences Set against the backdrop of modern day Singapore a hugely successful city state grappling with changes and challenges that could corrode the very soul the novel ultimately examines with wit wry irony and warm understanding the unchanging quandaries of the human condition when love and sex religion

and politics tradition and modernity can all come together in an unruly mix to show human nature at its most depressing and its most inspiring

Examinations in Singapore Yap Kwang Tan, Hong Kheng Chow, Christine Goh, 2008 The first book to explore the development of Singapore's much talked about education and examination system this volume juxtaposes examinations with its immediate context of education and wider context of politics economy and society The study covers three broad historical periods Examinations in Singapore from 1891 to 1945 The Post War Years from 1946 to the 1970s and Charting Our Destiny from the 1980s to 2007 In the British period up to 1941 the local examinations were conducted by the vernacular schools and external examinations by the University of Cambridge Local Examinations Syndicate There was a lack of systematic effort to establish a uniform system of education and examinations During the Japanese Occupation examinations were conducted by the Japanese authorities and unexpectedly the Cambridge examinations continued in the Sime Road Camp In the post war period and particularly after Singapore was granted self government the establishment of a national education system was followed by the emergence of national examinations the Primary School Leaving Examinations and the Singapore Cambridge GCE N O A Levels for every school going child in Singapore Thereafter the nature of national examinations evolved with the changing needs of education and the nation At the turn of the century with the Ministry of Education's decision to take greater control of examinations the Singapore Examinations and Assessment Board was established to oversee new developments in examinations Unlike most literature on education where examinations are often mentioned as an outcome of educational goals and objectives this book focuses on examinations per se Examinations have gained a momentum of their own and it is interesting to note the development of examinations against the backdrop of the broader history of Singapore and of education in Singapore
