 Rob Jovanovic,2015-12-03 George Michael is an enigma While he is one of the most open and vocal pop superstars on the planet he also fiercely protective of his privacy From the formation of Wham In 1981 he immediately found fame and fortune beyond his wildest dreams His music formed the soundtrack to the 1980s and he achieved all of this despite growing up in a dysfunctional family where his father openly proclaimed that George had no talent Wham split in 1986 but Michael went on to greater things as a solo artist Along the way he has been embroiled in several controversies but in refreshing contrast to other superstars he has been happy to address his issues head on in the media Rob Jovanovic s biography tackles all the issues that formed George Michael and his place as a cultural icon It also for the first time analyses Michael s musical output and groundbreaking videos The New Wave of British Women Playwrights Elisabeth Angel-Perez,Aloysia Rousseau,2023-01-30 It is a fact that today s British stages resound with powerfully innovative voices and that very often these voices have been those of young women playwrights This collection of essays gives visibility and pride of place to these fascinating voices by exploring the vitality inventiveness and particularly strong relevance of these poetics These women playwrights sometimes invent radically new forms and sometimes experiment with conventional ones in fresh and unexpected ways as for example when they re energize naturalism and provide it with new missions The plays that are addressed are all concerned with the necessity to grasp the complexity of the contemporary world and to further investigate what it means to be human Intimate or epic and sometimes both at once visionary or closer to everyday life these plays approach the contemporary world through a multitude of prisms historical scientific political and poetic and open different and visionary perspectives The Lonely Place Ross Farrally,2024-10-31 BOOK TRAILER <https://youtu.be/SGNYYbfY1sA> A chilling debut novel by the author of acclaimed non fiction works including High Royds Hospital and Meanwood Park Hospital George thought his past was buried until the call came His mother locked away in Wakehurst Psychiatric Hospital had died Eighteen years had passed since he left his hometown of Whitefish Minnesota Eighteen years he had left her to rot in his memory But when a friend insists he returns for the funeral George steps back into a town populated by familiar faces he d hoped never to see again As George digs into the truth behind his mother s death he uncovers something far darker than he ever imagined a sinister force that has been waiting for him to come home Beta Reader and ARC Feedback Mysterious emotional and sinister Keeps you on the edge of your seat Leaves you wanting more Trigger Warnings Mental Illness Death Violence Suicide Orson Welles Randy Rasmussen,2014-08-21 Orson Welles a self conscious storyteller who often invited his audience to question the methods and veracity of what they see and hear He was that rare magician who both pulled the wool over our eyes for our delight and unravelled the wool before our eyes encouraging us to ponder the nature of the magic itself Many of the characters in Welles s movies can also be seen as magicians of a sort creating impressions intended to manipulate other characters or even themselves in one direction or another But unlike Welles few of

them voluntarily expose their tricks to the scrutiny of their victims Six major Welles films Citizen Kane The Magnificent Ambersons The Lady from Shanghai Touch of Evil The Trial and Chimes at Midnight receive a scene by scene analysis in this critical study From a viewer s perspective it illuminates the dramatic rhythms of each film as they unfold on screen and from the soundtrack Frequent analogies to other movies and pertinent quotations from the impressions of other commentators broaden the text but always within the scene by scene progression dictated by the film under discussion The Comic Event Judith Roof,2018-01-11 The Comic Event approaches comedy as dynamic phenomenon that involves the gathering of elements of performance signifiers timings tones gestures previous comic bits and other self conscious structures into an event that triggers by virtue of a cut an expected unexpected resolution Using examples from mainstream comedy The Comic Event progresses from the smallest comic moment jokes bits to the more complex caricatures sketches sit coms parody films and stand up routines Judith Roof builds on side comments from Henri Bergson s short treatise Laughter Sigmund Freud s Jokes and Their Relation to the Unconscious and various observations from Aristotle to establish comedy as a complex multifaceted practice In seeing comedy as a gathering event that resolves with a cut Roof characterizes comedy not only by a predictable unpredictability occasioned by a sudden expected unexpected insight but also by repetition seriality self consciousness self referentiality and an ourobouric return to a previous cut This theory of comedy offers a way to understand the operation of a broad array of distinct comic occasions and aspects of performance in multiple contexts **Delphi**

 without effort The serious social difficulties that follow abnormalities of the face recognition system i.e. prosopagnosia  
 strongly underline the importance of typical face skills in our everyday life Over the last fifty years research on  
 prosopagnosia along with research in the healthy population has provided insights into the cognitive and neural features

behind typical face recognition This has also been achieved thanks to non invasive neuroimaging techniques such as functional Magnetic Resonance Imaging fMRI Electroencephalography EEG Magnetoencephalography MEG Diffusion Tensor Imaging DTI and Transcranial Magnetic Stimulation TMS However there is still much debate about the cognitive and neural mechanisms of face perception In the current Research Topic we plan to gather experimental works opinions commentaries mini reviews and reviews that focus on new or novel theories and methods in face perception research Where is the field at the moment Do we need to re think the experimental procedures we have adopted so far Again what kind of techniques or combination of them and analysis methods will be important in the future From the experimental point of view we encourage both behavioural and neuroimaging contributions e g fMRI EEG MEG DTI and TMS Despite the main emphasis on face perception memory and identification we will also consider original works that focus on other aspects of face processing such as expression recognition attractiveness judgments and face imagery In addition animal investigations and experimental manipulations that alter face recognition abilities in typical human subjects e g hypnosis are also welcome Overall we are proposing a Research Topic that looks at face processing using different perspectives and welcome contributions from different domains such as psychology neurology neuroscience cognitive science and philosophy The current Research Topic evolved over the desire to acknowledge the relatively recent loss of three giants in the field Drs Shlomo Bentin Truett Allison and Andy Calder We dedicate this Research Topic to them and their pioneering studies *Hitmaker* Tommy

**Laughter and Awkwardness in Late Medieval England** David Watt,2023-08-24 We live according to Adam Kotsko in an awkward age While this condition may present some challenges it may also help us to be more attuned to awkwardness in other ages This book pairs medieval texts with twenty first century films or television programmes to explore what the

resonance between them can tell us about living together in an awkward age In this nuanced and engaging study David Watt focuses especially but not exclusively on the 15th century which seems to intervene awkwardly in the literary trajectory between Chaucer and the Renaissance This book s hypothesis is that the social discomfort depicted and engendered by writers as diverse as Thomas Hoccleve Margery Kempe and Sir Thomas Malory is a feature rather than a flaw Laughter and Awkwardness in Late Medieval England explains that these authors have a great deal in common with other fifteenth century authors who generated embodied experiences of social discomfort in a range of genres by adopting and adapting literary techniques used by their predecessors and successors in slightly different ways Like the twenty first century texts with which they are paired the late medieval texts that feature in this book use the relationship between laughter and awkwardness to ask what it means to live with each other and how we can learn to live with ourselves
