

GEORGE BUSH

April 2005

Dear Dick,

I am honored to be in the company of Pat Tillman – a true hero – and Dom Capers, Ben Crenshaw, and Danielle Green as one of the 2005 Impact Player Hall of Fame inductees.

I have the feeling none of us can do enough for our Nation's military, but organizations like Impact Player Partners do an outstanding job of making sure those who serve and who are injured in the line of duty know that all Americans are grateful for their service to country.

Please convey to Dom Capers, Ben Crenshaw, and Danielle Green my congratulations on this well deserved honor; and of course, we all remember Pat Tillman in our prayers and with gratitude in our hearts.

Barbara joins me in sending warmest wishes for a memorable celebration of American patriotism and heroism.

Sincerely,

Mr. Dick Lynch
Founder and President

actions he took as the nation's chief executive. By examining presidential history through the lens of constitutional conflicts and challenges, *The Presidents and the Constitution* offers a fresh perspective on how the Constitution has evolved in the hands of individual presidents. It delves into key moments in American history from Washington's early battles with Congress to the advent of the national security presidency under George W. Bush and Barack Obama to reveal the dramatic historical forces that drove these presidents to action. Historians and legal experts including Richard Ellis, Gary Hart, Stanley Kutler, and Kenneth Starr bring the Constitution to life and show how the awesome powers of the American presidency have been shaped by the men who were granted them. The book brings to the fore the overarching constitutional themes that span this country's history and ties together presidencies in a way never before accomplished. Exhaustively researched and compellingly presented, *The Presidents and the Constitution* shines new light on America's brilliant constitutional and presidential history.

Letter from China Peter Froning, 2003-11-26 *Letter from China* is a poignant and irreverent diary of the author's yearlong 2001-2 experience of teaching English to college students in Beijing, People's Republic of China. From the very first pages, the author draws you into his struggle with a culture worlds away from his comfort zone. The author's generous and compelling personality allowed him to gain access to the lives of his students and their families, who became characters in his tale. One can experience the author's wit and humanity throughout the narrative. The author's humorous view of China is especially timely and dovetails with the current explosion of interest in that country as it enters the modern world. The book is neither a travelogue nor a look at the government, although elements of those subjects are woven into the story. Instead, it is an engaging look at China tailored toward those who know little about it. Still, those who have lived and/or traveled there will also enjoy the book as it reminds them of the absurdities they too experienced.
