Bahlmann, 2016-04-27 Superheroes have been an integral part of popular society for decades and have given rise to a collective mythology familiar in popular culture worldwide Though scholars and fans have recognized and commented on this mythology its structure has gone largely unexplored This book provides a model and lexicon for identifying the superhero mythos The author examines the myth in several narratives including Buffy the Vampire Slayer Green Arrow and Beowulf and discusses such diverse characters as Batman Wolverine Invincible and John Constantine

### **Holy Grail, Holy Grail: Quest East, Quest West** Gary

Corseri, 2001-10-31 Set in King Arthur's Britain medieval Japan and modern Atlanta Holy Grail Holy Grail Quest East Quest West is a rich blend of fantasy adventure historical romance and swords and sorcery a transformative myth for our times Suppose all the legends of the Holy Grail were smoke screens to draw attention from the Grail's real meaning Suppose its message of male and female reconciliation could only be grasped by our own age Not only that but suppose the true Grail was lost not in Glastonbury not in Avalon but in the East and its recovery required the interaction of Merlin's magic Japanese shamans and warriors trained in Sun Tzu's Art of War You've heard only Galahad was pure enough to see the Grail Nonsense Only Lancelot near forty still guilt ridden over his affair with Guenevere has the gut wrenching need for redemption

Diamonds are created under enormous pressure over eons so are shamans. Where is this true Grail anyway? Through a series of accidents it has traveled from the Holy Land over the Silk Road through China across the Sea of Japan to become one of the sacred treasures of 5th Century Yamato Japan. Accompanied by his page Wee Willie, Lance is transported by Merlin to the ancient kingdom of pomp, magic, and barbarism. A Japanese shaman-warrior agrees to help Lance capture the Grail if Lance will help him adjust the course of history. Lance and Willie are enmeshed in the assassination of the giggling sadistic boy Emperor. The only escape is through time. The two travelers are reconfigured in the Golden Age of 10th century Japan where Lance falls passionately in love with Sagami. He would linger in this idyll listening to the rustle of Sagami's silk kimono, but he is blinded by the Blue Man, the assassinated boy Emperor's time-traveling angel of death. Through the shaman's magic, Lance and Willie are transported again to the last days of Heian Japan, a time of warrior shoguns. Two great families squeeze the nation in a vise. Willie, now a handsome young man in his twenties, distinguishes himself in love and war, changing the outcome of a famous battle. The debt to the shaman should be paid, but history has other plans. Or at least the Kami do. Spirit beings who inhabit the winds, sparks of good and evil that fire the forge in the shaman's workshop, the Kami shape history in ways even the shaman cannot comprehend. Blind, maddened with fury, pain, and shame, Lance is transported again to modern Atlanta. It's springtime; the dogwoods are blooming, and the world is about to plunge into a millennial orgy of madness and self-destruction. Only Lance can save civilization. The problem is Lance is now a homeless, hopeless amnesiac working as a mud wrestler at the Renaissance Fair, and the Blue Man, now transformed into a Yakuza thug, is obsessed with killing him. Nubile, clueless, vulnerable Lorrie latches onto Lance, drags him to a public session of life regressionists, and poof! Epiphany: our hero recalls his quest. A charismatic leviathan, buttocked TV hostess helps; a mysterious black quilting lady helps. Digesting the lessons of 2000 years of Western and Eastern thought, only Lance can get the spiritual chiropractic just right. Only a climactic battle between good and evil magic can restore the balance of the world. Only the one who masters the Self can possess the wisdom of the Grail.

**The Quest for the Trilogy** Mel Odom, 2007-03-20. The secret to protecting the civilized world from an ancient threat may lie in the pages of three books, and it is up to master librarians of the past and present to secure these pages of knowledge. Set in the years after *Lord of the Libraries*, young halfer Juhg is still growing into his job as Grandmagister when an ally from the past, the wizened wizard Craugh, returns with warnings of an ancient threat that may resurface the so-called Kharrion's Wrath, which endangers the existence of the world. Juhg must now unlock the secrets contained in the journals of his now-absent mentor Wick, the former Grandmagister and legendary hero known as The Rover. He must also continue his documented but clandestine search for a trilogy of books which brings him through many different realms of their very dangerous world and into conflict and contact with other races: elves, dwarves, and men whose fates are all intertwined among the pages of the great book of Time. *The Quest for the Trilogy* weaves three separate quests into one as the young historian races against the clock to protect not just his world but all others as well.
