Guide to Building Better Readers and Writers Geraldine Woods, 2021-03-16 Sometimes it's better to start small with a sentence. Every English teacher has experienced it: students staring at an empty page seemingly paralyzed by a writing assignment. When this happens, it may be time to back off from the Big Idea approach to the art of reading and writing and zero in on a single sentence. In this book, a master teacher offers a complete guide to a sentence-level approach. Helping students recognize the techniques that make sentences great is the first step, and there are plenty of examples here from YA novels, TV shows, and song lyrics as well as the novels, poetry, and nonfiction pieces that form the canon of middle and high school reading lists. Lesson plans include activities to introduce the featured element of style, questions to guide students in their analysis, and writing prompts and activities to spark students' interest and creativity. With this Little to Big strategy, students move quickly from analysis of the words between two periods to the universe of ideas of which that sentence is a part. They may even be eager to write their own.

The Hobbit, by J.R.R. Tolkien Vicki Macfarlane, Anne Troy, 2004 Bilbo Baggins the hobbit is a peaceful sort who lives in a cozy hole in the Shire, a place where adventures are uncommon and rather unwanted. So when the wizard Gandalf whisks him away on a treasure hunting expedition with a troop of rowdy dwarves, he's not entirely thrilled. Encountering ruthless trolls, beastly orcs, gigantic spiders, and hungry wolves, Bilbo discovers within himself astonishing strength and courage. And at the ultimate confrontation with the fearsome dragon Smaug, the hobbit will brave the dangers of the dark and dragon fire alone and unaided.

Study Guide for the Hobbit by J.R.R. Tolkien McDougal Littell, 1989

Study Guide: the Hobbit Vincent Verret, 2018-03-17 This book can be used as both a study guide for students AND an instructional guide for teachers. It is the perfect companion to introducing popular literature in any classroom. Master the material and ace any assignment with this innovative study guide series. This book is perfect for both students and teachers as it produces true mastery of content knowledge and book details. Other study guides simply give basic details of the novel, meaning that students read over material without digesting or learning it. Other study guides take complex themes, concepts, and information and just regurgitate it to readers. This Study Guide series is different. Using the original text as a guide, you will learn to cite evidence from the text in order to complete and reflect on your reading. Designed under the guidance of an experienced and credentialed instructor, this study guide series GUIDES the learner to discovering the answers for themselves, creating a fully detailed study guide in the user's own words. Filled with guided reading activities, students are able to fill this guidebook with their own information. If you read it, write it, and reflect on it, you will learn it. Teachers, you can also purchase a set of these books or one book and make copies for your entire class. It makes the perfect guided reading activity and will teach students how to internalize the reading, note-taking, and learning process that advanced readers naturally perform. These make the perfect workbook to keep your class engaged and learning.
