**Landscape, Literature and English Religious Culture, 1660-1800** R. Mayhew, 2004-03-15 Landscape Literature and English Religious Culture 1660 1800 offers a powerful revisionist account of the intellectual significance of landscape descriptions during the long Eighteenth century Landscape has long been a major arena for debate about the nature of Eighteenth century English culture this book surveys those debates and offers a provocative new account Mayhew shows that describing landscape was a religiously contested practice and that different theological positions led differing authors to different descriptive approaches Landscape description then shows English intellectual life still in the grips of a Christian and classical mentality in the long Eighteenth century *English Mechanic and Mirror of Science and Art* ,1892
