16. **Real disappearing palace** - **Interpretation**: is the disappearance of her own and perception of the whole world (structure)

18. **Interpretation** would mean happiness through loss, though there are both negative and positive aspects about things about which there seems to have disappeared (harmony)
19. **Real disappearing palace** - **Interpretation**: is more or less, just Singapore and Singaporeans which just disappear
20. In 1970s, the English language had been almost Singaporeanised to include the particular of population, giving their own name to the word. This could be the sign of Singapore identity and culture over the whole process
