Jewish Identities in Contemporary Europe Andrea Reiter, Lucille Cairns, 2017-10-02 Providing an assessment of Jewish identity this volume presents critical engagements with a number of Jewish writers and filmmakers from a variety of European countries including Austria France Germany Poland and the UK The novels and films discussed explore the meaning of being Jewish in Europe today and investigate the extent to which this experience is shaped by factors that lie outside the national context notably by the relationship to Israel As the recent attacks on Charlie Hebdo and the targeting of a Jewish supermarket in Paris demonstrate these questions are more pressing than ever and will challenge Jews as well as Jewish writers and intellectuals as they explore the answers This book was originally published as a special issue of Jewish Culture and History

Servilia and her Family Susan Treggiari, 2019-01-03 Servilia is often cited as one of the most influential women of the late Roman Republic Though she was a high born patrician her grandfather died disgraced and her controversial father was killed before he could stand for the consulship she herself married twice but both husbands were mediocre Nevertheless her position in the ruling class still afforded her significant social and political power and it is likely that she masterminded the distinguished marriages of her one son Brutus and her three daughters During her second marriage she began an affair with Iulius Caesar which probably lasted for the rest of his life and is further indicative of the force of her charm and her exceptional intelligence The patchiness of the sources means that a full biography is impossible though in suggesting connections between the available evidence and the speculative possibilities open to women of Servilia's status this volume aims to offer an insightful reconstruction of her life and position both as a member of the senatorial nobility and within her extended and nuclear family The best attested period of Servilia's life for which the chief source is Cicero's letters follows the murder of Caesar by her son and her son in law Cassius who were leaders among the crowd of conspirators in the Senate House on the Ides of March in 44 BC We find her energetically working to protect the assassins' interests also defending her grandchildren by the Caesarian Lepidus when he was declared a public enemy and his property threatened with confiscation Exploring the role she played during these turbulent years of the late Republic reveals much about the ways in which Romans of both sexes exerted influence and sought to control outcomes as well as about the place of women in high society allowing us to conclude that Servilia wielded her social and political power effectively though with discretion and within conventional limits
