Jerusalem Boaz Yakin, Nick Bertozzi, Moni Yakin, 2013-04-16 An indispensable work of historical fiction about the founding of Israel from a list Hollywood filmmaker Boaz Yakin Schmuck Seth Kushner, 2016-09-01 Schmuck drips with self-loathing, near-sightedness and sexually frustrated Ashkenazi goodness. In Schmuck, Kushner tells true stories based on his own mishaps and mortifying memories which are energetically illustrated by the cream of the indie comic crop. Megan Sass Heeb Magazine. The book's organization by genres, topics, and themes will enable librarians to serve customers with specific requests and help teachers build thematic units. Focusing on recent young adult fiction and nonfiction, 2010-2014, the guide offers a succinct plot summary, links to popular themes and genres, indication of reading levels, and an engaging booktalk for each title. It also includes guidelines for further promoting each book and extending knowledge through discussion. The author, a former middle and high school teacher, demonstrates how you can foster close reading through paraphrasing, comparison, and response and explains how to strengthen critical thinking among teens. Lists of related titles and notes on gender appeal can be used for readers advisory.

Gender and Sexuality in Israeli Graphic Novels Matt Reingold, 2021-07-13 This book explores how Israeli graphic novelists present depictions of masculinity and femininity that differ from conventional portrayals of gender in Israeli society, rejecting the ways that hypermasculinity and docile femininity have come to be associated with men and women. The book is the first to explore Israeli graphic novels through the lens of gender. It argues that breaking down existing gender delineations with regards to masculinity and femininity is a core feature of the Israeli graphic novel and comics tradition, and that through their works, the authors and artists use their platforms to present a freer and looser conceptualization of gender for Israeli society.

Undertaking close readings of Israeli graphic novels that have been published in English and or Hebrew in the last 20 years the book s texts include Rutu Modan s Exit Wounds and The Property Ari Folman and David Polonsky s Waltz with Bashir Galit and Gilad Seliktar s Farm 54 and Asaf Hanuka s The Realist This book is of interest to students and scholars in comics studies Israel Studies Jewish Studies and Gender Studies **Teaching the Arab-Israeli Conflict** Rachel S. computer made maps are iconic examples of digital knowledge. It is often claimed that digital maps and rational boundaries can solve political conflict. But in *Mapping Israel Mapping Palestine* Jess Bier challenges the view that digital maps are universal and value free. She examines the ways that maps are made in Palestine and Israel to show how social and political landscapes shape the practice of science and technology. How can two scientific cartographers look at the same geographic feature and see fundamentally different things? In part Bier argues because knowledge about the Israeli military occupation is shaped by the occupation itself. Ongoing injustices including checkpoints, roadblocks, and summary arrests mean that Palestinian and Israeli cartographers have different experiences of the landscape. Palestinian forms of empirical knowledge including maps continue to be discounted. Bier examines three representative cases of population governance and urban maps. She analyzes Israeli population maps from 1967 to 1995 when Palestinian areas were left blank. Palestinian state maps of the late 1990s and early 2000s which were influenced by Israeli raids on Palestinian offices and the legacy of British colonial maps and urban maps after the Second Intifada which show how segregated observers produce dramatically different maps of the same area. The geographic production of knowledge including what and who are considered scientifically legitimate can change across space and time. Bier argues that greater attention to these changes and to related issues of power will open up more heterogeneous ways of engaging with the world.
