Social Justice and Transformative Learning Saundra M. Tomlinson-Clarke, Darren L. Clarke, 2016-03-10 The similarities between the United States and South Africa with respect to race power oppression and economic inequities are striking and a better understanding of these parallels can provide educational gains for students and educators in both countries Through shared experiences and perspectives this volume presents scholarly work from U S and South African scholars that advance educational practice in support of social justice and transformative learning It provides a comprehensive framework for developing transformational learning experiences that facilitates leadership for social justice and a deeper understanding of the factors influencing personal national and global identity *7th International Conference on Tourism Research* Prof Rishi Balkaran, Dr Chris Hattingh, 2024-03-18 These proceedings represent the work of contributors to the 7th International Conference on Tourism Research ICTR 2024 hosted by the Centre for Tourism Research in Africa at the Cape Town Hotel School Cape Peninsula University of Technology South Africa on 18 19 March 2024 The Conference Chair is Prof Rishi Balkaran and the Programme Chair is Dr Chris Hattingh both from Cape Peninsula University of Technology CPUT South Africa ICTR is a well established event on the academic research calendar and now in its 7th year the key aim remains the opportunity for participants to share ideas and meet the people who hold them The scope of papers will ensure an interesting two days The subjects covered illustrate the wide range of topics that fall into this important and ever growing area of research Today more than ever there is a need for research and scientific guidance as the tourist sector struggles to cope with the consequences of the Covid 19 pandemic inflation socio political turbulences climate change and disaster risk

Educational Leadership in Becoming Nuraan Davids, Yusef Waghid, 2016-08-25 Educational Leadership in Becoming reconsiders educational leadership in its current forms and presents a more plausible form of educational leadership to contend with the complexities currently found in universities and schools Much of the literature in vogue concerning educational leadership ranges from transactional to transformative representations of the concept in relation to educational management and policy curriculum inquiry and pedagogical action The primary aim of this book is to revisit some of the dominant understandings of educational leadership and to offer an extended view of the practice along the lines of potentiality and becoming Davids and Waghid argue that all current forms of educational leadership are insufficient to enact responsible human action particularly when it comes to addressing the combined issues of globalisation and equitable redress and transformation whether in relation to leading schools or universities The primary objective of the book is to draw on the Agambian notion of becoming in order to show that an educational leadership in becoming is better placed to not only address the myriad challenges besetting education but to also enhance the potential of leadership in action The book addresses an international audience by analysing conceptions of transformative leadership and should be read by anyone who is interested in education and educational leadership as well as the impact of neoliberal agendas on education and

society It should also appeal to those interested in the philosophy of education      *XXX International Congress of Psychology: Abstracts* Michele Robert, 2017-10-03 The abstracts of the XXX International Congress of Psychology July 2012 Cape Town are published as a supplement to Volume 47 of the International Journal of Psychology The published volume includes the abstracts of the invited addresses symposia oral and poster presentations numbering over 5 000 separate contributions and creating an invaluable overview of the discipline of psychological science around the world today      **Intercultural Autoethnographies** Claude-Hélène Mayer, Alyssa Govender, Present Raymond Ramalepe, 2025-07-23 Intercultural Autoethnographies brings together 20 personal narratives offering a deep exploration into the intercultural voyages of young South Africans These positive autoethnographies delve into ways to traverse diversity and cultural differences and show the complexities of the transforming Post Apartheid society      *Values Education on Human Sexuality* Robert Z. Cortes, Marie Adelaide D. Murrf Trinidad, Charming May DA Guce, Ma. Concha B. De La Cruz, Theresa Ma. B. Cortes, SPECIAL QUESTIONS FOR GRADE 11 THE AGE OF DEEPENING The book series is all about education in human sexuality based on the nourishment and cultivation of the natural gift of a person s character The series is based on the premise that SEXUALITY EDUCATION is basically CHARACTER EDUCATION which in turn is founded on human dignity and encompasses formation in moral standards and human conduct hence covering the key elements of life and love and everything in between Comprising an introductory volume for parents and teachers a volume for classroom use of teachers a volume for parents and eight volumes for Grades 5 to 12 respectively this current volume is specifically addressed to Grade 6 pupils about 17 to 18 year olds in their late adolescence It talks about SPECIAL QUESTIONS on issues concerning life sex marriage and human identity Since men and women have been gifted with intellect and will one becomes highly capable of using well or abusing these powers for the good or damage of self and fellowmen It is thus extremely important that students at this age have a deep appreciation of the issues confronting the modern world especially in the realm of sexuality and the channels of its development The book series is characterized by sound perennial concepts and by teaching and learning tools geared towards the age group being addressed      *The Adolescent Storm - A handbook for parents* Meg Fargher, Helen Dooley, 2012-10-03 I don t recognise my child Yesterday he was a sweet polite boy who smiled a lot Today he mumbles in monosyllables shouts at his sister and never comes out of his room except to raid the fridge Think of a storm Think how it builds brooding slowly dark with ominous clouds and flashes of lightning and rumbles of rolling thunder that may erupt at any minute Then a torrent of rain perhaps a few hailstones and finally the sun comes out as if the storm had never been Adolescence can be just like that a powerfully disruptive often chaotic and yet a wonderfully vivid and energetic time As parents we can do a lot to manage the impact of this sometimes confusing and challenging time in a young person s life Standing firm and holding on to one s values in the face of bombardment from adolescents who in turn are facing their own pressures of identity and self doubt requires a clear head encouragement and a handbook The Adolescent Storm is that

handbook This handbook will give you a clearer insight into the process of healthy age appropriate adolescent development help you to understand and enjoy the process of guiding your adolescent through these years help you to enjoy a deeply connected and relevant relationship with your child from adolescence into adulthood Thoughtful not perfect parents can create thoughtful adolescents and in turn thoughtful responsible adults who are well integrated in society
