,1980 *Polk's Peoria City Directory* ,1954 *Sewing Doesn't Have to be a Mystery* Stephnie Clark,2009-08 After teaching
sewing for years Stephnie noticed all her beginning sewing students labored with the same tendencies She found these
tendencies were discouraging the desire to continue sewing What a sad affair to crush a persons creativity not to mention
denying the pure enjoyment garnered from taking sewing classes Therefore she felt compelled to list the tendencies about 30
Actually this was just the beginning of the list After identifying the Tendency Stephnie wrote out a description of what was
happening with each tendency calling it The Problem The evolution continued with answers and solutions calling them To
Clarify Wow Today the number is more like 90 something Example many times her students had trouble taking the fabric
with the finished seam out from under the foot Stephnie would causally place her hand in front of the sewing machine needle
and ask Where is your take up lever When the student realized the take up lever was hiding Stephnie s next remark was Turn
the hand wheel like a Waterfall until the take up lever is at its highest point Now you can retrieve your fabric Stephnie
provided photos and drawings on the page facing each tendency This will help you the reader understand the text better The
book is mostly about operating and maintaining the sewing and serging machine However reading patterns a harrowing
encounter sewing over pins not good and wash your stash what ever that means Plus a virtual plethora of sewing mysteries
are unveiled as the author leads you through her tried and true techniques of sewing cutting and general handling of fabrics
sewing machines hand sewing yes you need to do hand sewing posture is embraced it is important etcetera Stephnie is
trained in tailoring drapery making costume creating stuffed toy making quilting and pattern alteration through Nancy
