Essential Cinema An Introduction To Film Analysis:

Essential Cinema Jon Lewis, 2014 **Essential Cinema** Jon Lewis, 2017-01-10 Succinct lively and affordable ESSENTIAL CINEMA AN INTRODUCTION TO FILM ANALYSIS vividly illustrates principles in action as it helps you develop effective skills in close analysis The book is packed with frame captures you can readily relate to and it also features interviews with film practitioners throughout giving you insight into real world practice In addition unique screening questions at the end of each chapter help you apply chapter concepts to any film you watch while the running glossary and end of text illustrated glossary offer easy access to full explanations of concepts This edition includes an updated card reflecting the new guidelines from the 2016 MLA HANDBOOK Eighth Edition Writing in Film Studies, from Professional Practice to Practical Pedagogy Bryan Mead, 2024-01-09 A common refrain heard from instructors in offices across the world is that students have a hard time producing quality written discourse This is no different in the world of film studies where many undergraduate students struggle to cogently discuss the films they watch in class How can film instructors help students become better writers This book answers this question by first uncovering the disciplinary expectations we have for students and then offering strategies to explicitly teach those expectations in the classroom This book examines and identifies the disciplinary conventions of professional film studies discourse along with the expectations we have for student writing in undergraduate film courses What becomes clear from this analysis is that the pedagogical expectations we have for students are aligned with and shaped by professional writing in the discipline It helps to uncover the argument types instructors take for granted and helps those teaching undergraduate students not only to know what those expectations are but also how to use that knowledge to foster better student writing **The New Woman's Film** Hilary Radner, 2017-01-20 With the chick flick arguably in decline film scholars may well ask what has become of the woman's film Little attention has been paid to the proliferation of films often from the independent sector that do not sit comfortably in either the category of popular culture or that of high art films that are perhaps the corollary of the middle brow novel or smart chick flicks This book seeks to fill this void by focusing on the steady stream of films about and for women that emerge out of independent American and European cinema and that are designed to address an international female audience The new woman's film as a genre includes narratives with strong ties to the woman's film of classical Hollywood while constituting a new distinctive cycle of female centered films that in many ways continue the project of second wave feminism albeit in a modified form Topics addressed include The Bridges of Madison County Clint Eastwood 1995 the feature length films of Nicole Holofcener 1996 2013 the film roles of Tilda Swinton Rachel Getting Married Jonathan Demme 2008 Blue Jasmine Woody Allen 2013 Frances Ha Noah Baumbach 2012 Belle Amma Asante 2013 Fifty Shades of Grey Sam Taylor Johnson 2015 and Jane Campion's Top of the Lake Sundance Channel 2013 Understanding Film James R Russo, 2021-01-12 This film analysis textbook contains sixteen essays on historically significant artistically superior films released between 1922 and 1982 Written for

The New Generation in Chinese Animation Shaopeng Chen, 2021-09-23 In 1995 Chinese animated filmmaking ceased to be a state run enterprise and was plunged into the free market Using key animated films as his case studies Shaopeng Chen examines new generation Chinese animation in its aesthetic and industrial contexts He argues that unlike its predecessors this new generation does not have a distinctive national identity but represents an important stage of diversity and exploration in the history of Chinese animation Chen identifies distinct characteristics of new generation filmmaking including an orientation towards young audiences and the recurring figure of the immortal monkey like Sun Wukong He explores how films such as *Lotus Lantern* Baolian Deng 1999 responded to competition from American imports such as *The Lion King* 1994 retaining Chinese iconography while at the same time adopting Hollywood aesthetics and techniques Addressing the series *Boonie Bears* Xiong Chumo 2014 5 Chen focuses on the film's adaptation from the original TV series and how the films were promoted across generations and by means of both online and offline channels Discussing the series *Kuiba Kui Ba* 2011 2013 2014 Chen examines Vasoon Animation Studio's ambitious attempt to create the first Chinese style high fantasy fictional universe and considers why the first film was a critical success but a failure at the box office He also explores the relationship between Japanese anime and new generation Chinese animation Finally Chen considers how word of mouth social media engagement lay behind the success of *Monkey King Hero is Back* 2015 Visual Ethics Michael Schwartz, Howard Harris, 2018-05-31 This volume includes six varied contributions to the study of visual ethics in organizations The implications of our visual world for organizational life and personal behaviour have received scant research attention This volume sets out to address that lack of research **Die Hard** Jon Lewis, 2025-09-18 Upon its release John McTiernan's *Die Hard* 1988 was met with immense commercial and critical success breaking the 100 million mark at

the box office in its first run and resulting in four Academy Award nominations Jon Lewis's study of the action classic closely examines the film's novel and script adaptation highlighting the influential role of producer Joel Silver He delves into Silver's ground breaking whammy theory which redefined script structure by organizing scripts around timed beats rather than traditional acts or scenes tracing its impact not only in Die Hard but also in other iconic franchises like Lethal Weapon Predator and The Matrix Lewis goes on to consider the film's evocation of post Vietnam male panic and its connection to the Iron John movement He highlights Die Hard as a prime example of the male rampage film genre where white male protagonists express frustration with cultural antagonists like feminism economic regulation government bureaucracy and political corruption Finally he reflects on how Die Hard resonated with its 1988 audience looking for new antagonists in a changing world The film's anticipation of European radical political groups and later terrorism rooted in North Africa and the Middle East foreshadows the era defining war on terror that would follow
