Ethical Theory and Business Denis G. Arnold,Tom L. Beauchamp,Norman E. Bowie,2019-12-19 For forty years successive editions of Ethical Theory and Business have helped to define the field of business ethics The 10th edition reflects the current multidisciplinary nature of the field by explicitly embracing a variety of perspectives on business ethics including philosophy management and legal studies Chapters integrate theoretical readings case studies and summaries of key legal cases to guide students to a rich understanding of business ethics corporate responsibility and sustainability The 10th edition has been entirely updated ensuring that students are exposed to key ethical questions in the current business environment New chapters cover the ethics of IT ethical markets and ethical management and leadership Coverage includes climate change sustainability international business ethics sexual harassment diversity and LGBTQ discrimination New case studies draw students directly into recent business ethics controversies such as sexual harassment at Fox News consumer fraud at Wells Fargo and business practices at Uber

A Contemporary Look at Business Ethics Ronald R. Sims,2017-07-01 A Contemporary Look at Business Ethics provides a present day look at business ethics to include the challenges opportunities and increased need for ethical leadership in today s and tomorrow s organizations The book discusses current and future business ethics challenges issues and opportunities which provides the context leaders and their organizations must navigate The book includes an in depth look at lessons learned about the causes of unethical behavior by examining a number of real world examples of ethical scandals from around the world that have taken place over the past few decades The analysis of the various ethical scandals focuses on concepts like ethical versus unethical leadership received wisdom the bottom line mentality groupthink and moral muteness all of which contribute to the kind of organizational culture and ethical behavior one finds in an organization The book discusses ethical decision making in general and the increased role of religion and spirituality in confronting unethical behavior in contemporary organizations The book also takes an in depth look at the impact ethical scandals have on employees and more specifically the psychological contract and person organization ethical fit with the goal of identifying along with other things what leaders can do to restore relationships with employees and rebuild the organization s reputation in the eyes of various stakeholders

Ethics and Innovation in Public Administration Gilles Rouet, Stela Raytcheva, Thierry Côme, 2024-09-12 This edited volume analyzes the ethics of innovations in the public sector in Europe. The book presents a theoretical analysis of empirical cases deepening the understanding of innovation in public administration by identifying common processes across various local contexts. It also delves into the study of the European Union's ethics and values exploring their impact on innovation at both European and local levels. Additionally, the book features comprehensive case studies encompassing different sectors, professions and statuses within public administration providing a multifaceted examination of innovation's complexities. By considering multiple perspectives including those of citizens, politicians, managers, trade unions, NGOs and political leaders, the book offers a holistic understanding of the ethical challenges associated with innovation in public administration. It also addresses intrapreneurship, successful initiatives, struggles and resistance to change, training for elected representatives and the integration of an ethical approach into local authority communications. As such, this volume will be an essential resource for scholars, practitioners, policymakers and anyone navigating the intricate landscape of ethical decision making in European public administration. EBOOK: Principles and Practice of Marketing JOBBER, DAVID/E, 2016-03-16 EBOOK Principles and Practice of Marketing

War Ethics: Theory, Practice, and Memoir Brian Orend, 2025-04-23 War Ethics Theory Practice and Memoir is an extraordinarily diverse collection of over ninety readings on the ethics, law, morality and justice of armed conflict. Each of the foundational theories of war ethics: realism, pacifism, just war theory and international law is examined in depth, as are challenging alternative perspectives from feminist thinkers and the world's major religions. A substantial section on contemporary issues covers topics ranging from cyberwar, AI, terrorism and drones to torture, war's environmental impacts and the rights of soldiers and veterans. Also included is an extensive collection of riveting first person accounts from soldiers, civilians and observers which powerfully convey the personal impacts of war. Introductory discussions and summary articles from Brian Orend are integrated throughout the text including a closing essay on new technologies and the future of war.

Human Resource Management David G. Collings, Geoffrey Wood, Leslie T. Szamosi, 2025-06-06 Written by an international team of respected scholars, Human Resource Management: A Critical Approach, 3rd edition adopts a critical perspective to examine the core management function of human resource management (HRM) in all its complexity including its darker sides. Despite over three decades of debate around the nature of HRM, its intellectual boundaries and its application in practice, the field continues to be dogged by several theoretical and practical limitations. This textbook opens with a critique of the very concept of HRM, tracing its development over time and then systematically analyses the context of HRM practice of HRM and international perspectives on HRM. New chapters commissioned for this third edition examine HRM and consider issues including diversity and inclusion, employee well-being, digitalisation and AI, sustainable HRM and gig work and job deconstruction. This textbook is essential reading for advanced and inquisitive students of HRM and for HRM professionals seeking to deepen their understanding of the complexities of their field. Ethical Theory and Business

Denis G. Arnold, Tom L. Beauchamp, Norman E. Bowie, 2020 Ethical Theory and Business is the authoritative guide to business ethics and CSR with cutting edge theoretical readings and cases The Ethically Responsible Organization Ronald R. Sims, 2023-01-01 Today's businesses have an obligation to conduct themselves in an ethical and responsible manner at all times. Fortunately, many businesses have historically embraced the idea that they can operate in an ethically responsible manner. However, there are way too many companies that are willing to cut corners and do whatever it takes to make a profit, thus contributing to the vortex of mistrust, distrust, misinformation, disinformation, and less than full disclosures as a result of their unethical misconduct. This book takes the position that enough is enough and argues that all businesses can and must be ethically responsible, no matter its size or whether it operates locally or globally. The book describes the features of an ethically responsible, e.g., ethical and socially responsible organization that is committed to always doing the right things, which means they are committed to building, institutionalizing, and sustaining an ethically oriented organizational culture. Ethical responsibility means maintaining even improving your bottom line while setting a high bar for high ethical standards AND making a positive contribution to society. The book argues that organizations must be attentive to ensuring that the culture has as its core accountability, responsibility, and learning, which means it invests in developing and expecting all of its employees to be fully engaged in making ethical decisions and being ethical leaders. The book also discusses what it means to be an ethically responsible global business leader, middle manager, and lower level employee. The Ethically Responsible Organization provides a detailed look at the importance of organizations doing preventive work to avoid ethical falls or scandals and takes the position that if such a fall or scandal occurs, then the company should seize the moment and learn from the experience by becoming a learning organization. The book also takes the position that an ethically responsible organization is already a learning organization where continuous inquiry, diagnosis, reflection, learning, and self-correction is the keystone of the way it operates. Finally, the book offers some ideas on how organizations can reinforce and sustain themselves as ethically responsible businesses today and in the future by taking a strategic approach to ethics that includes constant and consistent ethics training and education for all its employees and partners. In the end, the purpose of the book is to continue to increase our understanding of why organizations stray from doing the right things and how a focus on being ethically responsible can position companies to avoid or quickly respond to any potential ethical misconduct or find themselves in the list of the years' top ethical scandals. This book is written for all those who also take the stance that enough is enough when it comes to the headlines of another failure because the organization's leaders would not commit to being ethically responsible and find themselves in the throes of an ethical scandal and unable to recover from it and like Humpty Dumpty, all the king's horses and all the king's men, the company can't recover from what was a preventable ethical fall.

Research Anthology on Business Law, Policy, and Social Responsibility Management Association, Information Resources, 2023-12-21 The complicated interactions between business law and societal expectations pose an unprecedented
