Understanding Transgender Identities James K. Beilby, Paul Rhodes Eddy, 2019-11-05 One of the most pressing issues facing the evangelical church today involves dramatic shifts in our culture's perceptions regarding human sexuality. While homosexuality and same sex marriage have been at the forefront, there is a new cultural awareness of sexual diversity and gender dysphoria. The transgender phenomenon has become a high profile battleground issue in the culture wars. This book offers a full scale dialogue on transgender identities from across the Christian theological spectrum. It brings together contributors with expertise and platforms in the study of transgender identities to articulate and defend differing perspectives on this contested topic. After an introductory chapter surveys key historical moments and current issues, four views are presented by Owen Strachan, Mark A. Yarhouse, and Julia Sadusky, Megan K. DeFranza, and Justin Sabia Tanis. The authors respond to one another's views in a respectful manner, modeling thoughtful dialogue around a controversial theological issue. The book helps readers understand the spectrum of views among Christians and enables Christian communities to establish a context where conversations can safely be held.

Christianity and Moral Identity in Higher Education P. Glanzer, T. Ream, 2009-11-23 This book offers examples from both Christian and secular democratic institutions of higher education and then responds to possible criticisms about how moral education in a comprehensive humanist moral tradition may short change diversity, autonomy, and critical thinking.

Engaging College and University Students Ken Badley, 2022-09-02 *Engaging College and University Students* outlines creative and effective course organization and teaching/learning strategies for higher education courses. By describing specific instructional best practices rather than addressing general questions about teaching in higher education, the author presents a valuable resource for educators to consult in the moment. The author explores the challenges of engaging students in online settings and draws comparisons with face-to-face strategies of engagement. By organizing the strategies according to course progress and offering corresponding rubrics for assessment, this guide for instructors offers a solid foundation for an ever-changing teaching and learning landscape.
