**COURSE DESCRIPTION:**

This course is intended to serve as an introduction to public policymaking processes in the United States with special emphasis on the formation of public policy. During the course of the semester we will cover multiple theories about the policy formation process and discuss the many actors that help shape policy outcomes. Course readings, in-class exercises, and group discussions will allow us to apply these general concepts to specific policy areas. Some of our discussions will focus on socially, politically, or morally controversial topics. These discussions are designed to help students appreciate a diversity of perspectives, as well as to help students critically evaluate policy positions. By the end of the semester students should be well versed in the basic facets of policymaking and should be well equipped to pursue more advanced courses in public policy.

**REQUIRED READINGS:**

Course readings outside of the required texts will be available through the course website on blackboard. In addition to the electronic readings there are two required books.

**Lindblom, Charles E. and Edward J. Woodhouse. (1993). *The Policy Making Process (Third Edition)*. N.J.: Prentice Hall. Third Edition. (Available at the University bookstore)**

**Orwell, George. (1950). *1984*. New York: Penguin Group. (Available at most bookstores and for purchase online.)**

*What Is History For?* Arthur Alfox Assis,2014-01-01 A scholar of Hellenistic and Prussian history Droysen developed a historical theory that at the time was unprecedented in range and depth and which remains to the present day a valuable key for understanding history as both an idea and a professional practice Arthur Alfox Assis interprets Droysen s theoretical project as an attempt to redefine the function of historiography within the context of a rising criticism of exemplar theories of history and focuses on Droysen s claim that the goal underlying historical writing and reading should be the development of the subjective capacity to think historically In addition Assis examines the connections and disconnections between Droysen s theory of historical thinking his practice of historical thought and his political activism Ultimately Assis not only shows how Droysen helped reinvent the relationship between historical knowledge and human agency but also traces some of the contradictions and limitations inherent to that project
