Western Civilizations I - Honors
Ms. Rosenberg, 2010-2011

Over the next two months, we will be working on researching and writing a historical research paper about specific topics in world history. Use this page as your guide for meeting all deadlines and fulfilling all requirements.

You have been assigned specific topics and will soon begin the research process. It is very important that you stay on top of the work and not fall behind. The point of this research paper is to explore the historical significance of your topic and examine the ways in which it is connected to other parts of history while also looking at its lasting importance. This is different from research papers you may have written in other classes.

What to Write About

When writing your paper, you will need to answer the questions below in addition to the one on the topic sheet. Be sure to answer all required questions.

- What is the background of your topic?
