Of Faith and Freedom Joseph Gilbert,2022-11-03 It isn t very politically correct to say America is a Christian nation However the Founding Fathers were Christians and their core convictions were the bedrock upon which this country was built These principles include the belief that as divine creations of God we are all equal before the law each citizen has intrinsic worth and value above any government and our rights are endowed onto us by our Creator These beliefs are not politically correct Political correctness is an extension of cultural Marxism that seeks to remove every aspect of God and religion from American public life including how we are governed If they are successful and they have been very successful so far we lose what made America great in the first place Our concept of the rule of law disappears and the elite play by different rules than the rest of us The belief that our rights come from God is removed Our rights then can be twisted manipulated or stripped

from us for political expediency Worst of all the divine nature of the creation of mankind with an immortal soul is gone They can then do whatever they want With no God there is no objective right wrong good or evil The ends justify the means and the perpetrators can execute their evils with a clean conscience because there is no sin Cultural Marxism has been a powerful force in American culture for almost a century shaping institutions such as school family and government In the 1920s and during World War II socialist ideas that originated at the Frankfurt School also known as the Institute for Social Research began to seep into the social fabric of the US As the cultural Marxist movement gained power the reach of the federal government expanded and the basic value of each individual citizen was diminished The role of the Judeo Christian belief system which emphasizes absolute truth and the dignity of the individual has been ignored with disastrous consequences Using the Ten Commandments and the Bill of Rights author Joe Gilbert lays out the relationship God intended family government and individuals to have with each other and guides readers to a renewed hope and vision of American ideals shaped by objective biblical truth Fans of Glenn Beck and Mark Levin will find *Of Faith and Freedom* a useful companion in the fight against the malevolent social forces that have so negatively influenced America *Uncle John's Colossal Collection of Quotable Quotes* Bathroom Readers' Institute, 2004 Aficionados of the Bathroom Reader have long remarked on Uncle John's ability to select quintessential quotations The ever accommodating Uncle John has responded to this shameless praise by flushing out the all time best and most hilarious quotes to form this cunning compilation Highlights include Five Things You Should Never Do Never test the depth of a river with both feet Seven Classic Shakespearean Insults Thy food is such as hath been belched on by infected lungs and pithy rock talk from the likes of Ozzy Osbourne Neil Young and Frank Zappa Rock journalism is people who can't write interviewing people who can't talk for people who can't read
