Abstract should contain no more than 120 words, and should be one paragraph written in block format with double spacing. Additionally, state the topic in a sentence or two. Also, provide overview of methods, results, and discussion. The APA format is the official style of American Psychological Association (APA) and is commonly used to cite sources in psychology, education and social sciences. **APA research paper format** is widely used in the research publishing industry. Students and researchers usually get confused with various research paper writing formats and are unclear about the requirements from the research publication journals. Therefore, the best way to deal with beginning to write a research paper is to first know the journal's requirement and then follow the guidelines accordingly.

Miller, 2022-06-16 The second edition of *Writing in Psychology* by Scott A. Miller is a comprehensive guide to addressing the most challenging issues that students face while writing about psychology, including what to say and how to say it. It offers practical tools to overcome the challenges and create an engaging work. The book is a valuable resource for helping readers become better writers of psychology with the aid of various helpful learning tools which provide detailed coverage of how to write empirical reviews, research proposals, literature reviews, term papers, and posters. It examines examples from journal articles that give readers a grasp of the content they will encounter in writing psychological reports. Furthermore, it includes exercises that provide an opportunity to apply the points conveyed in each chapter, examples of ways to avoid the most common mistakes made by students, and a guide to the best practices for improving one's writing. Readers will also develop a thorough understanding of how to write in an engaging yet accurate style using grammatical and word use rules that govern writing in general and the rules of seventh edition APA American Psychological Association Publication Manual that determine the expression of that content. Throughout the book, it emphasizes inclusion, diversity, and fair treatment of those with whom psychologists deal in research and writing. The book will benefit anyone looking for guidance on how to write about psychological content. It is ideal for research scholars and psychology students as a primary text for writing in psychology courses and a supplement for graduate or advanced undergraduate courses in research design or research methods.
