**Greek Oratory** Stephen Usher, 1999-07-01 Speakers address audiences in the earliest Greek literature but oratory became a distinct genre in the late fifth century and reached its maturity in the fourth This book traces the development of its techniques by examining the contribution made by each orator Dr Usher makes the speeches come alive for the reader through an in depth analysis of the problems of composition and the likely responses of contemporary audiences His study

differs from previous books in its recognition of the richness of the early tradition which made innovation difficult however the orators are revealed as men of remarkable talent versatility and resource Antiphon's pioneering role Lysias achievement of balance between the parts of the speech the establishment of oratory as a medium of political thought by Demosthenes and Isocrates and the individual characteristics of other orators Andocides Isaeus Lycurgus Hyperides Dinarchus and Apollodorus together make a fascinating study in evolution while the illustrative texts of the orators which are translated into English include some of the liveliest and most moving passages in Greek literature The English Teacher Joseph E. Mersand, 1977 **The Classical Review**, 1969 Handbook of New Religions and Cultural Production, 2012-03-28 The cultural products of new religions and spiritualities are frequently ignored or dismissed within academia often stemming from a hesitation to acknowledge these movements as genuine This volume explores the impact of new religions upon cultural production exemplifying the theological and spiritual principles of particular movements and demonstrating their substantial impact on wider society Contributions explore the realms of music architecture food art books films video games and more This scholarship will be of interest to those who wish to explore the gamut of modern religious expression and those who wish to broaden their knowledge of the spiritual origins of human culture **Directory of Grants in the Humanities**, 2004 **Emotions, persuasion, and public discourse in classical Athens** Dimos Spatharas, 2019-07-22 This book is an addition to the burgeoning secondary literature on ancient emotions Its primary aim is to suggest possible ways in which recent approaches to emotions can help us understand significant aspects of persuasion in classical antiquity and especially audiences psychological manipulation in the civic procedures of classical Athens Based on cognitive approaches to emotions Skinner's theoretical work on the language of ideology or ancient theories about enargeia the book examines pivotal aspects of psychological manipulation in ancient rhetorical theory and practice At the same time the book looks into possible ways in which the emotive potentialities of vision both sights and mental images are explained or deployed by orators The book includes substantial discussion of Gorgias approach to sights emotional qualities and their implications for persuasion and deception and the importance of viscosity for Thucydides analysis of emotions role in the polis public communication It also looks into the deployment of enargeia in forensic narratives revolving around violence The book also focuses on the ideological implications of envy for the political discourse of classical Athens and emphasizes the rhetorical strategies employed by self-praising speakers who want to preempt their listeners loathing The book is therefore a useful addition to the burgeoning secondary literature on ancient emotions Despite the prominence of emotions in classicists scholarly work their implications for persuasion is undeservedly under-researched By employing appraisal-oriented analysis of emotions this book suggests new methodological approaches to ancient pathopoia These approaches take into consideration the wider ideological or cultural contexts which determine individual speakers rhetorical strategies This book is the second volume of Ancient Emotions edited by George Kazantzidis and Dimos Spatharas within the series Trends in

Classics Supplementary Volumes This project investigates the history of emotions in classical antiquity providing a home for interdisciplinary approaches to ancient emotions and exploring the inter faces between emotions and significant aspects of ancient literature and culture      **Antichthon** ,1974 A journal of ancient world studies main emphasis on Greece and Rome but includes the Ancient Near East and the Mediterranean from the beginnings of civilization to the Early Middle Ages
