vehicles which account for about 26 percent of the transportation fuel used in the U S The miles per gallon measure used to regulate the fuel economy of passenger cars is not appropriate for medium and heavy duty vehicles which are designed above all to carry loads efficiently Instead any regulation of medium and heavy duty vehicles should use a metric that reflects the efficiency with which a vehicle moves goods or passengers such as gallons per ton mile a unit that reflects the amount of fuel a vehicle would use to carry a ton of goods one mile This is called load specific fuel consumption LSFC The book estimates the improvements that various technologies could achieve over the next decade in seven vehicle types For example using advanced diesel engines in tractor trailers could lower their fuel consumption by up to 20 percent by 2020 and improved aerodynamics could yield an 11 percent reduction Hybrid powertrains could lower the fuel consumption of vehicles that stop frequently such as garbage trucks and transit buses by as much 35 percent in the same time frame [Marketing for Growth](#) The Economist,Iain Ellwood,2014-01-28 The Economist Marketing for Growth is a guide to how marketing can and should become a business s most important driver of growth Marketers play a crucial role in generating revenue and they can play an equally important role in how revenues translate into profit They can help a company achieve growth by being smarter or more efficient than its competitors and do so in a sustainable way Marketers have their ear to the ground and therefore are often the first to pick up on changing customer needs and behavior and the forces at play in markets This informs the development and improvement of products processes and standard of service The book explores how to identify the most valuable customers the most effective ways to drive revenue growth and the best ways to improve profitability It combines insight and practical guidance and is supported by a wealth of hard data and anecdotal evidence from a wide range of business in Britain America Europe and Asia including Amazon China Mobile Dove Goldman Sachs Haier ING Direct Lenovo Mini Procter Gamble Red Bull Target Twitter Virgin and Zara [Kiplinger's Personal Finance](#) ,2009-03 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics
